This offering (the “**Offering**”) of Non-Cumulative 5-Year Rate Reset Class A Preferred Shares Series I (the “**Series I Preferred Shares**”) of Industrial Alliance Insurance and Financial Services Inc. (“**iA Financial Group**” or the “**Company**”) under this prospectus supplement consists of 6,000,000 Series I Preferred Shares at a price of \$25.00 per Series I Preferred Share (the “**Offering Price**”). The Series I Preferred Shares will be offered in each of the provinces of Canada.

The holders of Series I Preferred Shares will be entitled to receive fixed non-cumulative preferential cash dividends, as and when declared by the board of directors of iA Financial Group (the “**Board of Directors**”) for the initial period from and including the closing date of this Offering to but excluding March 31, 2023 (the “**Initial Fixed Rate Period**”), payable quarterly on March 31, June 30, September 30 and December 31 in each year, at an annual rate equal to \$1.20 per Series I Preferred Share. The initial dividend, if declared, will be payable on June 30, 2018 and will amount to \$0.3781 per Series I Preferred Share, based on an anticipated closing date of March 7, 2018. See “Details of the Offering”.

For each five-year period after the Initial Fixed Rate Period (each a “**Subsequent Fixed Rate Period**”), the holders of Series I Preferred Shares will be entitled to receive fixed non-cumulative preferential cash dividends, as and when declared by the Board of Directors, payable quarterly on March 31, June 30, September 30 and December 31 in each year, in the amount per Series I Preferred Share per annum determined by multiplying the Annual Fixed Dividend Rate (as defined herein) applicable to such Subsequent Fixed Rate Period by \$25.00. The Annual Fixed Dividend Rate for the ensuing Subsequent Fixed Rate Period will be determined by the Company on the 30th day prior to the first day of such Subsequent Fixed Rate Period and will be equal to the sum of the Government of Canada Yield (as defined herein) on the date on which the Annual Fixed Dividend Rate is determined plus 2.75%. See “Details of the Offering”.

Option to Convert Into Series J Preferred Shares

Subject to the Company's right to redeem all of the Series I Preferred Shares and to the prior consent of the *Autorité des marchés financiers* (the "AMF"), the holders of Series I Preferred Shares will have the right, at their option, to convert any or all of their Series I Preferred Shares into an equal number of Non-Cumulative Floating Rate Class A Preferred Shares Series J of iA Financial Group (the "**Series J Preferred Shares**"), subject to certain conditions, on March 31, 2023 and on March 31 every five years thereafter. The holders of Series J Preferred Shares will be entitled to receive floating rate non-cumulative preferential cash dividends, as and when declared by the Board of Directors, payable quarterly on March 31, June 30, September 30 and December 31 in each year (the initial quarterly dividend period and each subsequent quarterly dividend period is referred to as a "**Quarterly Floating Rate Period**"), in the amount per Series J Preferred Share determined by multiplying the applicable Floating Quarterly Dividend Rate (as defined herein) by \$25.00. The Floating Quarterly Dividend Rate will be equal to the sum of the T-Bill Rate (as defined herein) plus 2.75% (calculated on the basis of the actual number of days elapsed in the applicable Quarterly Floating Rate Period divided by 365) determined on the 30th day prior to the first day of the applicable Quarterly Floating Rate Period. See "Details of the Offering".

The Series I Preferred Shares shall not be redeemable prior to March 31, 2023. Subject to the provisions of *An Act respecting Insurance* (Québec), including the regulations, rules, policy statements, instruments and guidelines thereunder (the "**Insurance Act**") and the prior consent of the AMF and to the provisions described below under "Details of the Offering - Certain Provisions of the Series I Preferred Shares as a Series - Restrictions on Dividends and Retirement of Shares", on March 31, 2023, and on March 31 every five years thereafter, on not more than 60 nor less than 30 days' notice, iA Financial Group may redeem all or any part of the then outstanding Series I Preferred Shares, at iA Financial Group's option without the consent of the holder, by the payment of an amount in cash (the "**Redemption Price**") for each Series I Preferred Share so redeemed of \$25.00 together with an amount equal to the sum of all declared and unpaid dividends to the date fixed for redemption (less any tax required to be deducted and withheld by the Company). See "Details of the Offering".

The Series I Preferred Shares and the Series J Preferred Shares do not have a fixed maturity date and are not redeemable at the option of the holders thereof. See "Risk Factors".

The Series I Preferred Shares are rated Pfd-2 (high) with a Stable trend by DBRS Limited ("**DBRS**"), and P-1(Low) by S&P Global Ratings ("**S&P**") using the S&P Canadian scale for preferred shares and "A-" using S&P's global scale for preferred shares. See "Ratings".

The Common Shares are being offered by means of a separate prospectus supplement, and not this Prospectus Supplement. NON-IFRS FINANCIAL INFORMATION

iA Financial Group reports its financial results and statements in accordance with International Financial Reporting Standards (“**IFRS**”). It also publishes certain financial measures that are not based on IFRS (“**Non-IFRS**”). A financial measure is considered a Non-IFRS measure for Canadian securities law purposes if it is presented other than in accordance with the generally accepted accounting principles used for iA Financial Group’s audited financial statements. These Non-IFRS financial measures are often accompanied by and reconciled with IFRS financial measures. For certain Non-IFRS financial measures, there are no directly comparable amounts under IFRS. iA Financial Group believes that these Non-IFRS financial measures provide additional information to better understand iA Financial Group’s financial results and assess its growth and earnings potential, and that they facilitate comparison of the quarterly and full-year results of iA Financial Group’s ongoing operations. Since Non-IFRS financial measures do not have standardized definitions and meaning, they may differ from the Non-IFRS financial measures used by other institutions and should not be viewed as an alternative to measures of financial performance determined in accordance with IFRS. iA Financial Group strongly encourages investors to review its financial statements and other publicly-filed reports in their entirety and not to rely on any single financial measure. Reconciliation between IFRS and non-IFRS financial measures is available in the MD&A (as defined below).

Non-IFRS financial measures published or used by iA Financial Group include, but are not limited to: return on common shareholders equity, core earnings per common share, core return on common shareholders equity, sales, net sales, assets under management, assets under administration, premium equivalents, deposits, sources of earnings measures (expected profit on in-force, experience gains and losses, strain on sales, changes in assumptions, management actions and income on capital), capital, solvency ratio, interest rate and equity market sensitivities loan originations, finance receivables and average credit loss rate on car loans.

The analysis of profitability according to the sources of earnings presents sources of income in compliance with the guideline issued by the Office of the Superintendent of Financial Institutions and developed in cooperation with the Canadian Institute of Actuaries. This analysis is intended to be a supplement to the disclosure required by IFRS and to facilitate the understanding of iA Financial Group’s financial position by both existing and prospective stakeholders to better form a view as to the quality, potential volatility and sustainability of earnings. It provides an analysis of the difference between actual income and the income that would have been reported had all assumptions at the start of the reporting period materialized during the reporting period. It sets out the following measures: expected profit on in-force business (representing the portion of the consolidated net income on business in force at the start of the reporting period that was expected to be realized based on the achievement of best-estimate assumptions); experience gains and losses (representing gains and losses that are due to differences between the actual experience during the reporting period and the best-estimate assumptions at the start of the reporting period); new business strain (representing the point-of-sale impact on net income of writing new business during the period); changes in assumptions, management actions and income on capital (representing the net income earned on iA Financial Group’s surplus funds).

Sales is a Non-IFRS measure used to assess iA Financial Group’s ability to generate new business. They are defined as fund entries on new business written during the period. Net premiums, which are part of the revenues presented in the financial statements, include both fund entries from new business written and in-force contracts. Assets under management and administration is a Non-IFRS measure used to assess iA Financial Group’s ability to generate fees, particularly for investment funds and funds under administration. An analysis of revenues by sector is presented in the Profitability section of the MD&A, as defined below.

Core earnings per common share is a Non-IFRS measure used to better understand iA Financial Group’s

capacity to generate sustainable earnings. Management's estimate of core earnings per common share excludes: 1) certain items, including but not limited to year-end assumption changes and unusual income tax gains and losses; 2) market gains and losses related to universal life policies, investment funds and the dynamic hedging program for segregated fund guarantees; 3) gains and losses in excess of \$0.04 per share, on a quarterly basis, for strain on individual insurance sales, for policyholder experience by business segment (individual insurance, individual wealth management, group insurance, group savings and retirement and iA auto and home insurance), for usual income tax gains and losses and for investment income on capital.

Any statement in this Prospectus Supplement, the Prospectus or contained in a document incorporated or deemed to be incorporated by reference in this Prospectus Supplement or in the Prospectus is deemed to be modified or superseded, for purposes of this Prospectus Supplement or of the Prospectus, to the extent that a statement contained herein or in any other subsequently filed document that also is or is deemed to be incorporated by reference herein modifies or supersedes such statement. ELIGIBILITY FOR INVESTMENT

In the opinion of Norton Rose Fulbright Canada LLP, counsel to iA Financial Group, and McCarthy Tétrault LLP, counsel to the Underwriters, the Series I Preferred Shares and Series J Preferred Shares would be, if issued on the date hereof, qualified investments under the *Income Tax Act* (Canada) (the “**Tax Act**”) and the regulations thereunder for trusts governed by registered retirement savings plans (“**RRSPs**”), registered retirement income funds (“**RRIFs**”), registered disability savings plans (“**RDSPs**”), registered education savings plans (“**RESPs**”), deferred profit sharing plans, and tax-free savings accounts (“**TFSAs**”), provided they are listed on a “designated stock exchange” (as defined in the Tax Act, which currently includes the TSX).

Notwithstanding the foregoing, if the Series I Preferred Shares and Series J Preferred Shares are “prohibited investments” for a particular RRSP, RRIF, RDSP, RESP or TFSA for purposes of the Tax Act, the annuitant under such RRSP or RRIF, the subscriber of such RESP, or the holder of such RDSP or TFSA, as the case may be, will be subject to a penalty tax under the Tax Act. The Series I Preferred Shares and Series J Preferred Shares, if issued on the date hereof, would not be a “prohibited investment” for these purposes unless the annuitant under the RRSP or RRIF, the subscriber of the RESP, or the holder of the RDSP or TFSA, as the case may be, (i) does not deal at arm's length with iA Financial Group for purposes of the Tax Act, or (ii) has a “significant interest”, as defined in the Tax Act, in iA Financial Group. In addition, the Series I Preferred Shares and Series J Preferred Shares will generally not be “prohibited investments” if they are “excluded property” (as defined in the Tax Act) for an RRSP, RRIF, RDSP, RESP or TFSA. Prospective purchasers who intend to hold Series I Preferred Shares and Series J Preferred Shares in an RRSP, RRIF, RDSP, RESP or TFSA should consult their own tax advisors regarding their particular circumstances.

Reorganization

On February 5, 2018, iA Financial Group initially announced a plan to create a holding company that will comprise all iA Financial Group activities. On February 26, 2018, iA Financial Group further announced that it had entered into an arrangement agreement (the “**Arrangement Agreement**”) with a newly created entity, iA Financial Corporation Inc. (“**iAFC**”), and that its Board of Directors is unanimously recommending that the Company’s common shareholders vote in favour of a plan of arrangement that, upon completion, would result in iAFC becoming a holding company for iA Financial Group as well as the parent corporation of iA Financial Group. The purpose of the arrangement transaction (the “**Arrangement**”) is to adapt the legal and corporate structure of iA Financial Group to the group’s current size, allow greater financial, commercial and regulatory flexibility in pursuing its growth strategy and better reflect the diversification of its business. It will also provide iA Financial Group with a corporate structure that is as flexible as and substantially similar to that of its principal competitors. Only the holders of common shares of the Company, and not preferred shares such as the Series I Preferred Shares, will be eligible to vote as part of the special meeting of shareholders scheduled to be held on May 10, 2018 to approve the Arrangement.

Under the current statutory regime applicable to iA Financial Group, no person is permitted to hold 10% or more of the voting rights attached to the shares of iA Financial Group. Following completion of the Arrangement, if completed under the currently proposed structure, 100% of the Common Shares would be held by iAFC, meaning that they could all be voted in the same manner, and it shall be prohibited for any person to proceed with a transaction as a result of which, following the Arrangement, iAFC would cease to hold, directly or indirectly, 100% of the voting rights attached to the Company's voting shares. As currently structured, following completion of Arrangement, the holders of iA Financial Group's then publicly issued and outstanding preferred shares, including Series I Preferred Shares and the Series J Preferred Shares, would remain holders of iA Financial Group's preferred shares. The Arrangement Agreement provides as a condition, among others, that iAFC must sign and deliver unconditional and irrevocable guarantees with respect to the iA Financial Group's payment obligations on the outstanding preferred shares. See the Arrangement Material Change Report incorporated by reference herein for more details.

Certain Provisions of the Series I Preferred Shares as a Series

Definition of Terms

The following definitions are relevant to the Series I Preferred Shares.

“Annual Fixed Dividend Rate” means, for any Subsequent Fixed Rate Period, the rate (expressed as a percentage rate rounded down to the nearest one hundred thousandth of one percent (with 0.000005% being rounded up)) equal to the sum of the Government of Canada Yield on the applicable Fixed Rate Calculation Date plus 2.75%.

“Bloomberg Screen GCAN5YR Page” means the display designated as page “GCAN5YR<INDEX>” on the Bloomberg Financial L.P. service (or such other page as may replace the GCAN5YR page on that service) for purposes of displaying Government of Canada Bond yields.

“Fixed Rate Calculation Date” means, for any Subsequent Fixed Rate Period, the 30th day prior to the first day of such Subsequent Fixed Rate Period.

“Government of Canada Yield” on any date means the yield to maturity on such date (assuming semi-annual compounding) of a Canadian dollar denominated non-callable Government of Canada bond with a term to maturity of five years as quoted as of 10:00 a.m. (Toronto time) on such date and which appears on the Bloomberg Screen “GCAN5YR <Index>” Page on such date; provided that, if such rate does not appear on the Bloomberg Screen “GCAN5YR <Index>” Page on such date, the Government of Canada Yield will mean the average of the yields determined by two registered Canadian investment dealers, other than Industrial Alliance Securities Inc., selected by the Company, as being the yield to maturity on such date (assuming semi-annual compounding) which a Canadian dollar denominated non-callable Government of Canada bond would carry if issued in Canadian dollars at 100% of its principal amount on such date with a term to maturity of five years.

“Initial Fixed Rate Period” means the period from and including the closing date of this Offering to but excluding March 31, 2023.

“Subsequent Fixed Rate Period” means for the initial Subsequent Fixed Rate Period, the period from and including March 31, 2023 to but excluding March 31, 2028 and for each succeeding Subsequent Fixed Rate Period, the period commencing on the day immediately following the end of the immediately preceding Subsequent Fixed Rate Period to but excluding March 31 in the fifth year thereafter.

Dividends

During the Initial Fixed Rate Period, the holders of the Series I Preferred Shares will be entitled to receive fixed non-cumulative preferential cash dividends, if as and when declared by the Board of Directors, and subject to the provisions of the Insurance Act, payable quarterly on March 31, June 30, September 30 and December 31 in each year, at an annual rate equal to \$1.20 per Series I Preferred Share. The initial dividend, if declared, will be payable on June 30, 2018 and will amount to \$0.3781 per Series I Preferred Share, based on the anticipated closing date of March 7, 2018.

During each Subsequent Fixed Rate Period after the Initial Fixed Rate Period, the holders of Series I Preferred Shares will be entitled to receive fixed non-cumulative preferential cash dividends, as and when declared by the Board of Directors, and subject to the provisions of the Insurance Act, payable quarterly on March 31, June 30, September 30 and December 31 in each year, in the amount per Series I Preferred Share per annum determined by multiplying the Annual Fixed Dividend Rate applicable to such Subsequent Fixed Rate Period by \$25.00.

The Annual Fixed Dividend Rate applicable to a Subsequent Fixed Rate Period will be determined by the Company on the Fixed Rate Calculation Date. Such determination will, in the absence of manifest error, be final and binding upon the Company and upon all holders of Series I Preferred Shares. The Company will, on the Fixed Rate Calculation Date, give written notice of the Annual Fixed Dividend Rate for the ensuing Subsequent Fixed Rate Period to the registered holders of the then outstanding Series I Preferred Shares.

If the Board of Directors does not declare a dividend, or any part thereof, on the Series I Preferred Shares on or before the dividend payment date for a particular quarter, then the entitlement of the holders of the Series I Preferred Shares to receive such dividend, or to any part thereof, for such quarter will be forever extinguished.

Payments of dividends and other amounts in respect of the Series I Preferred Shares will be made by the Company to CDS, or its nominee, as the case may be, as registered holder of the Series I Preferred Shares. As long as CDS, or its nominee, is the registered holder of the Series I Preferred Shares, CDS, or its nominee, as the case may be, will be considered the sole owner of the Series I Preferred Shares for the purposes of receiving payment on the Series I Preferred Shares.

Redemption

The Series I Preferred Shares will not be redeemable by iA Financial Group prior to March 31, 2023. Subject to the provisions of the Insurance Act and to the prior consent of the AMF and to the provisions described below under the heading “Restrictions on Dividends and Retirement of Shares”, on March 31, 2023 and on March 31 every five years thereafter, the Company may redeem all or any part of the then outstanding Series I Preferred Shares, at the Company’s option without the consent of the holder, by the payment of an amount in cash for each Series I Preferred Share so redeemed of \$25.00 together with an amount equal to the sum of all declared and unpaid dividends to the date fixed for redemption (less any tax required to be deducted and withheld by the Company). Should any such March 31 not be a business day, the redemption date in that year will be the next succeeding business day.

Notice of any redemption will be given by the Company at least 30 days and not more than 60 days prior to the date fixed for redemption. If less than all the outstanding Series I Preferred Shares are at any time to be redeemed, the shares to be redeemed will be redeemed pro rata, disregarding fractions.

Conversion of Series I Preferred Shares into Series J Preferred Shares

Subject to the right of the Company to redeem the Series I Preferred Shares described above under the heading “Redemption” and to the prior consent of the AMF, holders of Series I Preferred Shares will have the right, at their option, on March 31, 2023 and on March 31 every five years thereafter (a “**Series I Conversion Date**”), to convert, subject to the restrictions on conversion described below and the payment or delivery to the Company of evidence of payment of the tax (if any) payable, all or any of their Series I Preferred Shares registered in their name into Series J Preferred Shares on the basis of one Series J Preferred Share for each Series I Preferred Share. Should any such March 31 not be a business day, the Series I Conversion Date will be the next succeeding business day. The conversion of Series I Preferred Shares may be effected upon written notice given to iA Financial Group not earlier than the 30th day prior to, but not later than 5:00 p.m. (Toronto time) on the 15th day preceding the applicable Series I Conversion Date. Once received by iA Financial Group, the conversion notice is irrevocable. If the Company does not receive the conversion notice in writing from the holder exercising the above-mentioned conversion right during the time fixed therefor, then the Series I Preferred Shares shall be deemed not to have been converted (except in the case of an automatic conversion as described below).

The Company will, at least 30 days and not more than 60 days prior to the applicable Series I Conversion Date, give notice in writing to the then registered holders of the Series I Preferred Shares of the applicable Series I Conversion Date and will provide the holders with a form of conversion notice to exercise their conversion right. On the 30th day prior to each Series I Conversion Date, the Company will give notice in writing to the then registered holders of the Series I Preferred Shares of the Annual Fixed Dividend Rate for the next succeeding Subsequent Fixed Rate Period.

Holders of Series I Preferred Shares will not be entitled to convert their shares into Series J Preferred Shares if the Company determines that there would remain outstanding on a Series I Conversion Date less than 1,000,000 Series J Preferred Shares, after having taken into account all Series I Preferred Shares tendered for conversion into Series J Preferred Shares and all Series J Preferred Shares tendered for conversion into Series I Preferred Shares. The Company will give notice in writing thereof to all registered holders of Series I Preferred Shares at least seven days prior to the applicable Series I Conversion Date. Furthermore, if the Company determines that there would remain outstanding on a Series I Conversion Date less than 1,000,000 Series I Preferred Shares, after having taken into account all Series I Preferred Shares tendered for conversion into Series J Preferred Shares and all Series J Preferred Shares tendered for conversion into Series I Preferred Shares, then, subject to the prior consent of the AMF, all, but not part, of the remaining outstanding Series I Preferred Shares will automatically be converted into Series J Preferred Shares on the basis of one Series J Preferred Share for each Series I Preferred Share on the

applicable Series I Conversion Date and the Company will give notice in writing thereof to the then registered holders of such remaining Series I Preferred Shares at least seven days prior to the Series I Conversion Date.

Upon the exercise by the holder of this right to convert Series I Preferred Shares into Series J Preferred Shares (and upon an automatic conversion), the Company reserves the right not to issue Series J Preferred Shares to any person whose address is in, or whom the Company or its transfer agent has reason to believe is a resident of, any jurisdiction outside Canada, to the extent that such issue would require the Company to comply with the securities, insurance or analogous laws of such jurisdiction, including registration, prospectus, filing or other similar requirements under the applicable laws of such jurisdiction.

If the Company gives notice to the registered holders of the Series I Preferred Shares of the redemption of all the Series I Preferred Shares, the Company will not be required to give notice as provided hereunder to the registered holders of the Series I Preferred Shares of an Annual Fixed Dividend Rate or of the conversion right of holders of Series I Preferred Shares and the right of any holder of Series I Preferred Shares to convert such Series I Preferred Shares will cease and terminate in that event.

Purchase for Cancellation

Subject to the provisions of the Insurance Act, the prior consent of the AMF and the provisions described below under “Restrictions on Dividends and Retirement of Shares”, iA Financial Group may at any time purchase for cancellation all or from time to time any Series I Preferred Share outstanding in the open market or by private contract or tender, at any price.

Rights on Liquidation

In the event of the liquidation, dissolution or winding-up of iA Financial Group, whether voluntary or involuntary, or any other distribution of assets of iA Financial Group for the purpose of winding-up its affairs, subject to the prior satisfaction of the claims of all creditors of the Company and of holders of shares of the Company ranking prior to the Series I Preferred Shares, the holders of the Series I Preferred Shares will be entitled to receive \$25.00 per Series I Preferred Share, together with all declared and unpaid dividends to the date of payment (less any tax required to be deducted and withheld by the Company), before any amounts are paid or any assets of iA Financial Group are distributed to the holders of any shares ranking junior to the Series I Preferred Shares. After payment of those amounts, the holders of Series I Preferred Shares will not be entitled to share in any further distribution of the property or assets of iA Financial Group.

Restrictions on Dividends and Retirement of Shares

As long as any Series I Preferred Shares are outstanding, iA Financial Group will not, without the approval of the holders of outstanding Series I Preferred Shares given as described under “Shareholder Approval” below:

- (a) declare or pay any dividend on its Common Shares or any other shares of the Company ranking junior to the Series I Preferred Shares (other than stock dividends in any shares ranking junior to the Series I Preferred Shares);
- (b) redeem, purchase or otherwise retire any Common Shares or any other shares ranking junior to the Series I Preferred Shares (except out of the net cash proceeds of a substantially concurrent issue of shares ranking junior to the Series I Preferred Shares);
- (c) redeem, purchase or otherwise retire or make any return of capital in respect of less than all the Series I Preferred Shares; or
- (d) except pursuant to any purchase obligation, sinking fund, retraction privilege or mandatory redemption provision attaching to any series of Class A Preferred Shares or other preferred shares of iA Financial Group issuable in series, redeem, purchase, or otherwise retire any other shares ranking on a parity with the Series I Preferred Shares;

unless, in each case, all dividends on the Series I Preferred Shares up to and including those payable on the dividend payment date for the last completed period for which dividends are payable and in respect of which the rights of holders to such dividends have not been extinguished, and all dividends then accrued on all other shares ranking senior to or on a parity with the Series I Preferred Shares up to the immediately preceding respective date or dates for payment and in respect of which the rights of holders of those shares have not been extinguished, have been declared and paid or set apart for payment.

In addition, the Company is prohibited from paying dividends on its preferred shares in certain other circumstances. See “Restrictions” and “Risk Factors”.

Issue of Additional Shares

iA Financial Group may issue other series of Class A Preferred Shares ranking on a parity with the Series I Preferred Shares or may issue shares of any other class or series ranking on a parity or junior to Class A Preferred Shares without the approval of the holders of the Series I Preferred Shares.

Amendments to the Series I Preferred Shares

Except for amendments of a “housekeeping” or clerical nature, iA Financial Group will not, without the approval of the holders of the Series I Preferred Shares given as specified under “Shareholder Approval” below and any other necessary approval (including without limitation the TSX), delete, add to or vary any rights, privileges, restrictions or conditions attaching to the Series I Preferred Shares. In addition to the aforementioned approval, iA Financial Group will not without, but may from time to time with, any necessary consent of the AMF, make any such deletion, addition or variation which might affect the classification afforded the Series I Preferred Shares from time to time for capital adequacy requirements pursuant to the Insurance Act and the regulations and guidelines thereunder.

Shareholder Approval

The approval of holders of the Series I Preferred Shares to change or remove any right, privilege, restriction or condition attaching to the Series I Preferred Shares as a series or in respect of any other matter requiring the consent of the holders of the Series I Preferred Shares may be given in such manner as may then be required by law, subject to the requirement that such approval be given by resolution passed by the affirmative vote of at least two-thirds ($\frac{2}{3}$) of the votes cast at a meeting of the holders of the Series I Preferred Shares duly called for that purpose at which the holders of at least one-fourth ($\frac{1}{4}$) of the outstanding Series I Preferred Shares are present in person or represented by proxy. If at any such meeting, the holders of at least one-fourth ($\frac{1}{4}$) of the outstanding Series I Preferred Shares are not present in person or represented by proxy within 30 minutes after the time appointed for the meeting, then the meeting will be adjourned to such date not less than 15 days thereafter and to such time and place as may be appointed by the chairman of the meeting. A notice of not less than seven days will be given of the adjourned meeting. At such adjourned meeting, the holders of the Series I Preferred Shares present or represented by proxy may transact the business for which the meeting was originally called and a resolution passed thereat by not less than two-thirds ($\frac{2}{3}$) of the votes cast constitutes the approval of the holders of the Series I Preferred Shares referred to above. On every poll taken at every meeting of the holders of the Class A Preferred Shares Series I as a series, or at any joint meeting of the holders of two or more series of Class A Preferred Shares, each holder of Class A Preferred Shares Series I entitled to vote thereat has one vote in respect of each Class A Preferred Share Series I held.

Voting Rights

Subject to applicable law, the holders of Series I Preferred Shares will not be entitled to receive notice of, or to attend or to vote at, any meeting of the shareholders or participating policyholders of iA Financial Group unless and until the first time at which the Board of Directors has not declared the whole dividend on the Series I Preferred Shares in respect of any quarter. In that event, the holders of the Series I Preferred Shares will be entitled to receive notice of, and to attend, only meetings of shareholders at which directors are to be elected and will be entitled to one vote for each Series I Preferred Share held in the election of directors only but not in respect of any other business. The voting rights of the holders of the Series I Preferred Shares will forthwith cease upon payment by iA Financial

Group of the first quarterly dividend on the Series I Preferred Shares to which the holders are entitled subsequent to the time such voting rights first arose until such time as the Company may again fail to declare the whole dividend on the Series I Preferred Shares in respect of any quarter, in which event such voting rights will become effective again and so on from time to time.

Priority

The Series I Preferred Shares will rank on parity with all other series of Class A Preferred Shares of the Company as to the payment of dividends and the return of capital. The Series I Preferred Shares will rank on parity with the Preferred Shares and prior to the Common Shares and all other classes of shares of the Company ranking junior to the Series I Preferred Shares with respect to the payment of dividends and the distribution of the assets of the Company in the event of the dissolution, liquidation or winding-up of the Company, whether voluntary or involuntary, or any other distribution of the assets of the Company among its participating policyholders and shareholders for the specific purpose of winding-up its affairs.

Tax Election

As required by the terms and conditions of the Series I Preferred Shares as a series, the Company will elect, in the manner and within the time provided under Part VI.1 of the Tax Act, to pay tax at a rate such that holders of Series I Preferred Shares will not be required to pay tax under Part IV.1 of the Tax Act on dividends received (or deemed to be received) on the Series I Preferred Shares. See “Certain Canadian Federal Income Tax Considerations”.

Business Days

If any action or payment is required to be taken or paid by the Company or any matter, consequence or other thing is provided to occur, in respect of the Series I Preferred Shares on a day that is not a business day, then such action or payment will be taken or made and such matter, consequence or other thing will occur on the immediately following day which is a business day.

Certain Provisions of the Series J Preferred Shares as a Series

“**Floating Quarterly Dividend Rate**” means, for any Quarterly Floating Rate Period, the rate (expressed as a percentage rate rounded down to the nearest one hundred thousandth of one percent (with 0.000005% being rounded up)) equal to the sum of the T-Bill Rate on the applicable Floating Rate Calculation Date plus 2.75% (calculated on the basis of the actual number of days elapsed in such Quarterly Floating Rate Period divided by 365).

“**Floating Rate Calculation Date**” means, for any Quarterly Floating Rate Period, the 30th day prior to the first day of such Quarterly Floating Rate Period.

“**Quarterly Commencement Date**” means March 31, June 30, September 30 and December 31 in each year.

“**T-Bill Rate**” means, for any Quarterly Floating Rate Period, the average yield expressed as a percentage per annum on three month Government of Canada Treasury Bills, as reported by the Bank of Canada, for

the most recent treasury bills auction preceding the applicable Floating Rate Calculation Date and which appears on the Bloomberg page “CA3MAY <INDEX>” (or such other page as may replace the “CA3MAY <INDEX>” page on that service for purposes of displaying Government of Canada Treasury Bill yields) for such date.

Dividends

The holders of the Series J Preferred Shares will be entitled to receive floating rate non-cumulative preferential cash dividends, if as and when declared by the Board of Directors, and subject to the provisions of the Insurance Act, payable quarterly on March 31, June 30, September 30 and December 31 in each year, in the amount per Series J Preferred Share determined by multiplying the applicable Floating Quarterly Dividend Rate by \$25.00.

The Floating Quarterly Dividend Rate for each Quarterly Floating Rate Period will be determined by the Company on the Floating Rate Calculation Date. Such determination will, in the absence of manifest error, be final and binding upon the Company and upon all holders of Series J Preferred Shares. The Company will, on the Floating Rate Calculation Date, give written notice of the Floating Quarterly Dividend Rate for the ensuing Quarterly Floating Rate Period to all registered holders of the then outstanding Series J Preferred Shares.

If the Board of Directors does not declare a dividend, or any part thereof, on the Series J Preferred Shares on or before the dividend payment date for a particular Quarterly Floating Rate Period, then the entitlement of the holders of the Series J Preferred Shares to receive such dividend, or to any part thereof, for such Quarterly Floating Rate Period will be forever extinguished.

Payments of dividends and other amounts in respect of the Series J Preferred Shares will be made by the Company to CDS, or its nominee, as the case may be, as registered holder of the Series J Preferred Shares. As long as CDS, or its nominee, is the registered holder of the Series J Preferred Shares, CDS, or its nominee, as the case may be, will be considered the sole owner of the Series J Preferred Shares for the purposes of receiving payment on the Series J Preferred Shares.

Redemption

The Series J Preferred Shares will not be redeemable by iA Financial Group prior to March 31, 2028. Subject to the provisions of the Insurance Act and to the prior consent of the AMF and to the provisions described below under the heading “Restrictions on Dividends and Retirement of Shares”, the Company may redeem all or any part of the then outstanding Series J Preferred Shares, at the Company’s option without the consent of the holder, by the payment of an amount in cash (less any tax required to be deducted and withheld by the Company) for each Series J Preferred Share so redeemed of (i) \$25.00 together with an amount equal to the sum of all declared and unpaid dividends to, but excluding, the date fixed for redemption in the case of redemptions on March 31, 2028 and on March 31 every five years thereafter, or (ii) \$25.50 together with an amount equal to the sum of all declared and unpaid dividends to, but excluding, the date fixed for redemption in the case of redemptions on any other date after March 31, 2028 other than a date which is a Series J Conversion Date (as defined below).

Notice of any redemption will be given by the Company at least 30 days and not more than 60 days prior to the date fixed for redemption. If less than all the outstanding Series J Preferred Shares are at any time to be redeemed, the shares to be redeemed will be redeemed *pro rata*, disregarding fractions.

Conversion of Series J Preferred Shares into Series I Preferred Shares

Subject to the right of the Company to redeem the Series J Preferred Shares described above under the heading “Redemption” and subject to the prior consent of the AMF, holders of Series J Preferred Shares will have the right, at their option, on March 31, 2028 and on March 31 every five years thereafter (a “**Series J Conversion Date**”), to convert, subject to the restrictions on conversion described below and the payment or delivery to the Company of evidence of payment of the tax (if any) payable, all or any of their Series J Preferred Shares registered in their name into Series I Preferred Shares on the basis of one Series I Preferred Share for each Series J Preferred Share. Should any such March 31 not be a business day, the Series J Conversion Date will be the next succeeding business day.

The conversion of Series J Preferred Shares may be effected upon written notice given to iA Financial Group not earlier than the 30th day prior to, but not later than 5:00 p.m. (Toronto time) on the 15th day preceding, the applicable Series J Conversion Date. Once received by iA Financial Group, the conversion notice is irrevocable. If the Company does not receive the conversion notice in writing from the holder exercising the above-mentioned conversion right during the time fixed therefor, then the Series J Preferred Shares shall be deemed not to have been converted (except in the case of an automatic conversion as described below).

The Company will, at least 30 days and not more than 60 days prior to the applicable Series J Conversion Date, give notice in writing to the then registered holders of the Series J Preferred Shares of the applicable Series J Conversion Date and will provide the holders with a form of conversion notice to exercise their conversion right. On the 30th day prior to each Series J Conversion Date, the Company will give notice in writing to the then registered holders of Series J Preferred Shares of the Annual Fixed Dividend Rate for the next succeeding Subsequent Fixed Rate Period.

Holders of Series J Preferred Shares will not be entitled to convert their shares into Series I Preferred Shares if the Company determines that there would remain outstanding on a Series J Conversion Date less than 1,000,000 Series I Preferred Shares, after having taken into account all Series J Preferred Shares tendered for conversion into Series I Preferred Shares and all Series I Preferred Shares tendered for conversion into Series J Preferred Shares. The Company will give notice in writing thereof to all registered holders of the Series J Preferred Shares at least seven days prior to the applicable Series J Conversion Date. Furthermore, if the Company determines that there would remain outstanding on a Series J Conversion Date less than 1,000,000 Series J Preferred Shares, after having taken into account all Series J Preferred Shares tendered for conversion into Series I Preferred Shares and all Series I Preferred Shares tendered for conversion into Series J Preferred Shares, then, subject to the prior consent of the AMF, all, but not part, of the remaining outstanding Series J Preferred Shares will automatically be converted into Series I Preferred Shares on the basis of one Series I Preferred Share for each Series J Preferred Share on the applicable Series J Conversion Date and the Company will give notice in writing thereof to the then registered holders of such remaining Series J Preferred Shares at least seven days prior to the Series J Conversion Date.

Upon the exercise by the holder of this right to convert Series J Preferred Shares into Series I Preferred Shares (and upon an automatic conversion), the Company reserves the right not to issue Series I Preferred Shares to any person whose address is in, or whom the Company or its transfer agent has reason to believe is a resident of, any jurisdiction outside Canada, to the extent that such issue would require the Company to comply with the securities, insurance or analogous laws of such jurisdiction, including registration, prospectus, filing or other similar requirements under the applicable laws of such jurisdiction.

If the Company gives notice to the registered holders of the Series J Preferred Shares of the redemption on a Series J Conversion Date of all the Series J Preferred Shares, the Company will not be required to give notice as provided hereunder to the registered holders of the Series J Preferred Shares of an Annual Fixed Dividend Rate or of the conversion right of holders of Series J Preferred Shares and the right of any holder of Series J Preferred Shares to convert such Series J Preferred Shares will cease and terminate in that event.

Purchase for Cancellation

Subject to the provisions of the Insurance Act, the prior consent of the AMF and the provisions described below under “Restrictions on Dividends and Retirement of Shares”, iA Financial Group may at any time purchase for cancellation all or from time to time any Series J Preferred Share outstanding in the open market or by private contract or tender, at any price.

Rights on Liquidation

In the event of the liquidation, dissolution or winding-up of iA Financial Group, whether voluntary or involuntary, or any other distribution of assets of iA Financial Group for the purpose of winding-up its affairs, subject to the prior satisfaction of the claims of all creditors of the Company and of holders of shares of the Company ranking prior to the Series J Preferred Shares, the holders of the Series J Preferred Shares will be entitled to receive \$25.00 per Series J Preferred Share, together with all declared and unpaid dividends to the date of payment (less any tax required to be deducted and withheld by the Company), before any amounts are paid or any

assets of iA Financial Group are distributed to the holders of any shares ranking junior to the Series J Preferred Shares. After payment of those amounts, the holders of Series J Preferred Shares will not be entitled to share in any further distribution of the property or assets of iA Financial Group.

Restrictions on Dividends and Retirement of Shares

As long as any Series J Preferred Shares are outstanding, iA Financial Group will not, without the approval of the holders of outstanding Series J Preferred Shares given as described under “Shareholder Approval” below:

- (a) declare or pay any dividend on its Common Shares or any other shares of the Company ranking junior to the Series J Preferred Shares (other than stock dividends in any shares ranking junior to the Series J Preferred Shares);
- (b) redeem, purchase or otherwise retire any Common Shares or any other shares ranking junior to the Series J Preferred Shares (except out of the net cash proceeds of a substantially concurrent issue of shares ranking junior to the Series J Preferred Shares);
- (c) redeem, purchase or otherwise retire or make any return of capital in respect of less than all the Series J Preferred Shares; or
- (d) except pursuant to any purchase obligation, sinking fund, retraction privilege or mandatory redemption provision attaching to any series of Class A Preferred Shares or other preferred shares of iA Financial Group issuable in series, redeem, purchase, or otherwise retire any other shares ranking on a parity with the Series J Preferred Shares;

unless, in each case, all dividends on the Series J Preferred Shares up to and including those payable on the dividend payment date for the last completed period for which dividends are payable and in respect of which the rights of holders to such dividends have not been extinguished, and all dividends then accrued on all other shares ranking senior to or on a parity with the Series J Preferred Shares up to the immediately preceding respective date or dates for payment and in respect of which the rights of holders of those shares have not been extinguished, have been declared and paid or set apart for payment.

In addition, the Company is prohibited from paying dividends on its preferred shares in certain other circumstances. See “Restrictions” and “Risk Factors”.

Issue of Additional Shares

iA Financial Group may issue other series of Class A Preferred Shares ranking on a parity with the Series J Preferred Shares or may issue shares of any other class or series ranking on a parity or junior to Class A Preferred Shares without the approval of the holders of the Series J Preferred Shares.

Amendments to the Series J Preferred Shares

Except for amendments of a “housekeeping” or clerical nature, iA Financial Group will not, without the approval of the holders of the Series J Preferred Shares given as specified under “Shareholder Approval” below and any other necessary approval (including without limitation the TSX), delete, add to or vary any rights, privileges, restrictions or conditions attaching to the Series J Preferred Shares. In addition to the aforementioned approval, iA Financial Group will not without, but may from time to time with, any necessary consent of the AMF, make any such deletion, addition or variation which might affect the classification afforded the Series J Preferred Shares from time to time for capital adequacy requirements pursuant to the Insurance Act and the regulations and guidelines thereunder.

Shareholder Approval

The approval of holders of the Series J Preferred Shares to change or remove any right, privilege, restriction or condition attaching to the Series J Preferred Shares as a series or in respect of any other matter requiring the consent of the holders of the Series J Preferred Shares may be given in such manner as may then be required by law, subject to the requirement that such approval be given by resolution passed by the affirmative vote of at least two-thirds ($\frac{2}{3}$)

of the votes cast at a meeting of the holders of the Series J Preferred Shares duly called for that purpose at which the holders of at least one-fourth ($\frac{1}{4}$) of the outstanding Series J Preferred Shares are present in person or represented by proxy. If at any such meeting, the holders of at least one-fourth ($\frac{1}{4}$) of the outstanding Series J Preferred Shares are not present in person or represented by proxy within 30 minutes after the time appointed for the meeting, then the meeting will be adjourned to such date not less than 15 days thereafter and to such time and place as may be appointed by the chairman of the meeting. A notice of not less than seven days will be given of the adjourned meeting. At such adjourned meeting, the holders of the Series J Preferred Shares present or represented by proxy may transact the business for which the meeting was originally called and a resolution passed thereat by not less than two-thirds ($\frac{2}{3}$) of the votes cast constitutes the approval of the holders of the Series J Preferred Shares referred to above. On every poll taken at every meeting of the holders of the Class A Preferred Shares Series J as a series, or at any joint meeting of the holders of two or more series of Class A Preferred Shares, each holder of Class A Preferred Shares Series J entitled to vote thereat has one vote in respect of each Class A Preferred Share Series J held.

Priority

The Series J Preferred Shares will rank on parity with all other series of Class A Preferred Shares of the Company as to the payment of dividends and the return of capital. The Series J Preferred Shares will rank on parity with the Preferred Shares and prior to the Common Shares and all other classes of shares of the Company ranking junior to the Series J Preferred Shares with respect to the payment of dividends and the distribution of the assets of the Company in the event of the dissolution, liquidation or winding-up of the Company, whether voluntary or involuntary, or any other distribution of the assets of the Company among its participating policyholders and shareholders for the specific purpose of winding-up its affairs.

Voting Rights

Subject to applicable law, the holders of Series J Preferred Shares as such will not be entitled to receive notice of, or to attend or to vote at, any meeting of the shareholders or participating policyholders of iA Financial Group unless and until the first time at which the Board of Directors has not declared the whole dividend on the Series J Preferred Shares in respect of any quarter. In that event, the holders of the Series J Preferred Shares will be entitled to receive notice of, and to attend, only meetings of shareholders at which directors are to be elected and will be entitled to one vote for each Series J Preferred Share held in the election of directors only but not in respect of any other business. The voting rights of the holders of the Series J Preferred Shares will forthwith cease upon payment by iA Financial Group of the first quarterly dividend on the Series J Preferred Shares to which the holders are entitled subsequent to the time such voting rights first arose until such time as the Company may again fail to declare the whole dividend on the Series J Preferred Shares in respect of any quarter, in which event such voting rights will become effective again and so on from time to time.

Tax Election

As required by the terms and conditions of the Series J Preferred Shares as a series, the Company will elect, in the manner and within the time provided under Part VI.1 of the Tax Act, to pay tax at a rate such that holders of Series J Preferred Shares will not be required to pay tax under Part IV.1 of the Tax Act on dividends received (or deemed to be received) on the Series J Preferred Shares. See "Certain Canadian Federal Income Tax Considerations".

Business Days

If any action or payment is required to be taken or paid by the Company or any matter, consequence or other thing is provided to occur, in respect of the Series J Preferred Shares on a day that is not a business day, then such action or payment will be taken or made and such matter, consequence or other thing will occur on the immediately following day which is a business day.

BOOK-ENTRY ONLY SECURITIES

Except as otherwise provided below, the Series I Preferred Shares and the Series J Preferred Shares will be issued in “book-entry only” form and must be purchased, transferred or redeemed through participants (“**Participants**”) in the depository service of CDS or its nominee. Each of the Underwriters is a Participant. On the closing of this Offering, the Company will cause a global certificate representing the Series I Preferred Shares to be delivered to, and registered in the name of, CDS or its nominee. Except as described below, no purchaser of Series I Preferred Shares or Series J Preferred Shares, as applicable, will be entitled to a certificate or other instrument from the Company or CDS evidencing that purchaser’s ownership thereof, and no purchaser will be shown on the records maintained by CDS except through a book-entry account of a Participant acting on behalf of such purchaser. Each purchaser of Series I Preferred Shares or Series J Preferred Shares, as applicable, will receive a customer confirmation of purchase from the registered dealer from or through whom the Series I Preferred Shares or Series J Preferred Shares, as applicable, are purchased in accordance with the practices and procedures of that registered dealer. The practices of registered dealers may vary, but generally customer confirmations are issued promptly after execution of a customer order. CDS will be responsible for establishing and maintaining book-entry accounts for its Participants having interests in the Series I Preferred Shares or Series J Preferred Shares, as applicable. Reference in this Prospectus Supplement to a holder of Series I Preferred Shares or Series J Preferred Shares, as applicable, means, unless the context otherwise requires, the owner of the beneficial interest in the Series I Preferred Shares or Series J Preferred Shares, as applicable.

If the Company determines, or CDS notifies the Company in writing, that CDS is no longer willing or able to discharge properly its responsibilities as depository with respect to the Series I Preferred Shares or Series J Preferred Shares, as applicable, and the Company is unable to locate a qualified successor, or if the Company at its option elects, or is required by law, to withdraw the Series I Preferred Shares or Series J Preferred Shares, as applicable, from the book-entry system, then Series I Preferred Shares or Series J Preferred Shares, as applicable, will be issued in fully registered form to holders or their nominees.

Transfers

Transfers of ownership in the Series I Preferred Shares or Series J Preferred Shares, as applicable, will be effected only through records maintained by CDS or its nominee for such Series I Preferred Shares or Series J Preferred Shares, as applicable, with respect to interests of Participants and on the records of Participants with respect to interests of holders other than Participants. Holders of Series I Preferred Shares or Series J Preferred Shares, as applicable, other than Participants, wishing to purchase, sell or otherwise transfer ownership of or other interests in the Series I Preferred Shares or Series J Preferred Shares, as applicable, may do so only through Participants. The ability of a holder to pledge Series I Preferred Shares or Series J Preferred Shares, as applicable, or otherwise take action with respect to such holder’s interest in Series I Preferred Shares or Series J Preferred Shares, as applicable, (other than through a Participant) may be limited due to the lack of a physical certificate.

Payments and Deliveries

Payments of dividends, if any, or other amounts in respect of Series I Preferred Shares or Series J Shares, as applicable, will be made by or on behalf of the Company to CDS or its nominee, as the case may be, as the registered holder of the Series I Preferred Shares or Series J Preferred Shares, as applicable, and the Company understands that such payments will be credited by CDS or its nominee in the appropriate amounts to the relevant Participants in accordance with CDS procedures. As long as CDS or its nominee is the sole registered holder of the Series I Preferred Shares or Series J Preferred Shares, as applicable, CDS or its nominee, as the case may be, will be considered the sole owner of the Series I Preferred Shares or Series J Preferred Shares, as applicable, for purposes of receiving notices or payments thereon and for all other purposes. In such circumstances, iA Financial Group’s responsibility and liability in respect of notices or payments on the Series I Preferred Shares or the Series J Preferred Shares, as applicable, is limited to giving notice or making payment of any capital, premium, if any, redemption price, if any, and dividends due on the Series I Preferred Shares or the Series J Preferred Shares, as applicable, to CDS or its nominee.

Each holder must rely on the procedures of CDS and, if such holder is not a Participant, on the procedures of the Participant through which such holder owns its interest, to exercise any rights with respect to the Series I

Preferred Shares or Series J Preferred Shares. iA Financial Group understands that under existing policies of CDS and industry practices, if iA Financial Group requests any action of holders or if a holder desires to give any notice or take any action which a registered holder is entitled to give or take with respect the Series I Preferred Shares or Series J Preferred Shares, CDS would authorize the Participant acting on behalf of the holder to give such notice or to take such action, in accordance with the procedures established by CDS or agreed to from time to time by iA Financial Group and CDS. Any holder that is not a Participant must rely on the contractual arrangement it has directly, or indirectly through its financial intermediary, with its Participant to give such notice or take such action.

None of iA Financial Group or the Underwriters identified in this Prospectus Supplement, as applicable, will have any liability or responsibility for (i) records maintained by CDS relating to beneficial ownership interests in book-entry notes that are Series I Preferred Shares or Series J Preferred Shares held by CDS or the book-entry accounts maintained by CDS, (ii) maintaining, supervising or reviewing any records relating to any such beneficial ownership interests, or (iii) any advice or representation made by or with respect to CDS and contained herein with respect to the rules and regulations of CDS or at the direction of the Participants.

RESTRICTIONS

The Prospectus sets out a summary of the restrictions contained in the Insurance Act concerning the declaration and payment of dividends. The Company does not anticipate that such restrictions will prevent the declaration or payment of dividends on the Series I Preferred Shares or Series J Preferred Shares, as applicable, in the normal course and the AMF has not made any direction to the Company pursuant to the Insurance Act regarding its capital or its liquidity. See “Insurance Act Restrictions and Approvals” in the Prospectus.

The Prospectus also sets out a summary on the restrictions for acquisition, issue, transfer and voting of voting shares of iA Financial Group representing 10% or more of the voting rights attached to such shares. See “Constraints on Voting Shares” in the Prospectus.

USE OF PROCEEDS

The estimated net proceeds to iA Financial Group from the sale of the Series I Preferred Shares offered under this Prospectus Supplement, after deducting the Underwriters’ fee (assuming that no Series I Preferred Shares are sold to certain institutions) and the estimated expenses of the issue, will amount to \$145,050,000 (\$193,400,000 if the Underwriters’ Option is exercised in full).

iA Financial Group will use the net proceeds of this Offering for general corporate purposes and to maintain and replenish iA Financial Group’s capital base, including after giving effect to the payment of the purchase price for the Acquisition.

This Offering will increase iA Financial Group’s Tier 1 capital determined in accordance with the capital adequacy guidelines established by the AMF. In particular, on a pro forma basis, after giving effect to this Offering and the Common Share Offering (but without giving effect to any potential exercise of the Underwriters’ Option or the Common Share Over-Allotment Option), the Company estimates that, as at December 31, 2017, its solvency ratio would increase by 12 percentage points, from 209% to 221%. After giving effect to the Acquisition (-8 percentage points) and the acquisition of Dealers Assurance Company and Southwest Reinsure Inc. completed on January 23, 2018 (-8 percentage points), the solvency ratio would be 205%. See “Non-IFRS Financial Information” in iA Financial Group’s management’s discussion and analysis for the most recent audited consolidated financial statements and See “Non-IFRS Financial Information” in this Prospectus Supplement.

RATINGS

The Series I Preferred Shares are rated Pfd-2 (high) with a Stable trend by DBRS. “Pfd-2” is the second highest of five categories granted by DBRS for preferred shares. A reference to “high” or “low” reflects the relative strength within the rating category. A rating outlook, expressed as positive, stable or negative, provides an opinion regarding the likely direction of any medium-term rating actions.

The Series I Preferred Shares are rated P-1 (Low) by S&P using the S&P Canadian scale for preferred shares and “A-” using S&P’s global scale for preferred shares. The “P-1” rating is the highest of the five categories used by S&P on its Canadian preferred share scale. A reference to “high” or “low” reflects the relative strength within the rating category. The “A-” rating is the fifth highest of twenty ratings used by S&P on its global scale.

Credit ratings are intended to provide investors with an independent measure of credit quality of any issue of securities. The credit ratings accorded to securities by the rating agencies are not recommendations to purchase, hold or sell the securities inasmuch as such ratings do not comment as to market price or suitability for a particular investor. There is no assurance that any rating will remain in effect for any given period of time or that any rating will not be revised or withdrawn entirely by a rating agency in the future if in its judgment circumstances so warrant, and if any such rating is so revised or withdrawn, iA Financial Group is under no obligation to update this Prospectus Supplement. Prospective purchasers of Series I Preferred Shares should consult the relevant rating organization with respect to the interpretation and implications of the foregoing ratings.

PLAN OF DISTRIBUTION

Pursuant to an underwriting agreement dated February 28, 2018 (the “**Underwriting Agreement**”) between iA Financial Group and the Underwriters, iA Financial Group has agreed to sell and the Underwriters have agreed to purchase jointly (but not solidarily nor jointly and severally), as principals, on March 7, 2018, or such other date as may be agreed upon, but not later than March 21, 2018, subject to the terms and conditions stated therein, all but not less than all of the 2,000,000 Series I Preferred Shares at a price of \$25.00 per share, payable in cash to iA Financial Group against delivery of such Series I Preferred Shares. The Underwriting Agreement provides that the Underwriters will be paid a fee per share equal to \$0.25 with respect to the Series I Preferred Shares sold to certain institutions and \$0.75 with respect to all other Series I Preferred Shares sold. Assuming no Series I Preferred Shares are sold to such institutions, the Underwriters’ fee would be \$4,500,000 (\$6,000,000 if the Underwriters’ Option is exercised in full). The Series I Preferred Shares will be offered in each of the provinces of Canada.

The Company has granted to the Underwriters the Underwriters’ Option, which entitles the Underwriters to purchase up to an additional 2,000,000 Series I Preferred Shares on the same terms and conditions as this Offering exercisable in whole or in part from time to time, at any time up to 48 hours prior to the closing of this Offering. This Prospectus Supplement qualifies the grant of the Underwriters’ Option and the distribution of the Series I Preferred Shares issuable on the exercise of the Underwriters’ Option.

A purchaser who acquires Offered Shares forming part of the Underwriters’ Option position acquires those Offered Shares under this Prospectus Supplement.

The obligations of the Underwriters under the Underwriting Agreement are joint (and not solidary nor joint and several) and may be terminated at their discretion upon the occurrence of certain stated events set forth in the Underwriting Agreement. The Underwriters are, however, obligated to take up and pay for all of the Series I Preferred Shares if any of such shares are purchased under the Underwriting Agreement.

The Underwriters propose to offer the Series I Preferred Shares initially at the Offering Price. After the Underwriters have made a reasonable effort to sell all of the Series I Preferred Shares at that price, the Offering Price may be decreased and may be further changed from time to time to an amount not greater than \$25.00, and the compensation realized by the Underwriters will be decreased by the amount that the aggregate price paid by the purchasers for the Series I Preferred Shares is less than the gross proceeds paid by the Underwriters to iA Financial Group. Any such reduction will not affect the proceeds received by the Company.

In connection with this Offering, the Underwriters may, subject to applicable laws, over-allot or effect transactions which stabilize or maintain the market price of the Series I Preferred Shares at a level other than that which might otherwise prevail in the open market.

In addition, pursuant to the policy statement of certain securities regulators, the Underwriters may not, throughout the period of distribution, bid for or purchase Series I Preferred Shares. The foregoing restriction is subject to certain exceptions including: (i) a bid or purchase permitted under the Universal Market Integrity Rules

for the Investment Industry Regulatory Organization of Canada relating to market stabilization and passive market making activities; and (ii) a bid or purchase made for and on behalf of a customer where the order was not solicited during the period of the distribution, provided that the bid or purchase was not engaged in for the purpose of creating actual or apparent active trading in, or raising the price of such securities.

As a result of these activities, the price of the Series I Preferred Shares may be higher than the price that otherwise might exist in the open market. Such transactions, if commenced, may be discontinued at any time. The Underwriters may carry out these transactions on any stock exchange on which the Series I Preferred Shares are listed, in the over-the-counter market, or otherwise.

The Company has applied to list the Series I Preferred Shares and the Series J Preferred Shares issuable on conversion of the Series I Preferred Shares on the TSX. Such listing will be subject to the Company fulfilling all of the requirements of the TSX.

Neither the Series I Preferred Shares nor the Series J Preferred Shares have not been and will not be registered under the United States *Securities Act of 1933*, as amended (the “**U.S. Securities Act**”), and may not be offered or sold within the United States except pursuant to an exemption from, or in a transaction not subject to, the registration requirement of the U.S. Securities Act and applicable United States state securities laws. Accordingly, the Series I Preferred Shares or the Series J Preferred Shares are not being offered and sold in the United States or to, or for the account or benefit of, U.S. persons except to qualified institutional buyers (as defined in Rule 144A under the U.S. Securities Act) in compliance with Rule 144A under the U.S. Securities Act. As used in this paragraph, the terms “United States” and “U.S. person” have the meanings given to them in Regulation S under the U.S. Securities Act.

This Prospectus Supplement and the accompanying Prospectus do not constitute an offer to sell or a solicitation of an offer to buy the Series I Preferred Shares or the Series J Preferred Shares in the United States. In addition, until 40 days after the commencement of this Offering, an offer or sale of the Series I Preferred Shares or the Series J Preferred Shares within the United States by any dealer (whether or not participating in the Offering) may violate the registration requirements of the U.S. Securities Act if such an offer or sale is made otherwise than in accordance with an exemption from registration under the U.S. Securities Act.

Industrial Alliance Securities Inc., one of the Underwriters, is a wholly-owned subsidiary of iA Financial Group. Therefore, iA Financial Group is a “related issuer” of Industrial Alliance Securities Inc. under applicable securities legislation by virtue of iA Financial Group’s interest in Industrial Alliance Securities Inc. In addition, National Bank Financial Inc. was retained by the Company for the provision of an opinion to the board of directors of the Company to the effect that, subject to the assumptions, limitations and qualifications set out in such opinion, the proposed Arrangement described herein is fair, from a financial point of view, to the Company’s common shareholders and, in connection therewith, National Bank Financial Inc. received customary fees in consideration for such services. Therefore, iA Financial Group may be considered to be a “connected issuer” of National Bank Financial Inc. under applicable securities legislation. TD Securities Inc., Underwriter in respect of which iA Financial Group is not a related or connected issuer, have participated in the structuring and pricing of the Offering and in the due diligence activities performed by the Underwriters for the offering.

Certain of the Underwriters or their affiliates have in the past engaged, and may in the future engage, in transactions with and perform services, including commercial banking, financial advisory and investment banking services, for the Company in the ordinary course of business for which they have received or may receive customary compensation.

The decision to distribute the Series I Preferred Shares and the determination of the terms of this Offering, including the price for the Series I Preferred Shares offered hereunder, were made through negotiations between iA Financial Group and the Underwriters. Industrial Alliance Securities Inc. and National Bank Financial Inc. will not receive any direct benefit in connection with this Offering, other than their respective share of the Underwriters’ fee payable by iA Financial Group.

The Underwriting Agreement provides that the Company will not, directly or indirectly, sell, authorize, issue, announce its intention to or grant any option for the sale of, or otherwise dispose of any Series I Preferred Shares

or any securities convertible into or exercisable or exchangeable for Series I Preferred Shares, other than pursuant to this Offering, or agree to do so or publicly announce any intention to do so, at any time prior to 30 days after the closing of this Offering, without the prior consent of TD Securities Inc. and National Bank Financial Inc. (on behalf of the Underwriters), such consent not to be unreasonably withheld.

CERTAIN CANADIAN FEDERAL INCOME TAX CONSIDERATIONS

In the opinion of Norton Rose Fulbright Canada LLP, counsel to iA Financial Group, and McCarthy Tétrault LLP, counsel to the Underwriters, the following is a summary, as of the date hereof, of the principal Canadian federal income tax considerations generally applicable to a purchaser of Series I Preferred Shares or Series J Preferred Shares pursuant to this Prospectus Supplement who, for purposes of the Tax Act and at all relevant times, is or is deemed to be a resident of Canada, deals at arm's length with the Company and each of the Underwriters, is not affiliated with the Company or any Underwriter, holds the Series I Preferred Shares or Series J Preferred Shares, as the case may be, as capital property and is not exempt from tax under Part I of the Tax Act (a "**Holder**").

Generally, the Series I Preferred Shares and the Series J Preferred Shares will be capital property to a Holder provided the Holder does not acquire or hold such shares in the course of carrying on a business of trading or dealing in securities or as part of an adventure or concern in the nature of trade. Certain Holders who might not otherwise be considered to hold Series I Preferred Shares or Series J Preferred Shares as capital property may, in certain circumstances, be entitled to have them and all other "Canadian securities", as defined in the Tax Act, treated as capital property by making the irrevocable election permitted by subsection 39(4) of the Tax Act.

This summary is not applicable to a Holder (i) that is a “financial institution” for the purposes of the “mark-to-market rules” in the Tax Act, (ii) an interest in which is or would be a “tax shelter investment”, as defined in the Tax Act, (iii) that has made a “functional currency” election under the Tax Act to determine its Canadian tax results in a currency other than Canadian currency, (iv) that has entered into, with respect to the Series I Preferred Shares or the Series J Preferred Shares, a “derivative forward agreement”, as defined in the Tax Act; or (v) that receives dividends on Series I Preferred Shares and the Series J Preferred Shares under or as part of a “dividend rental arrangement”, as defined in the Tax Act. Such Holders should consult their own tax advisors. Furthermore, this summary is not applicable to a Holder that is a “specified financial institution”, as defined in the Tax Act, that receives or is deemed to receive, alone or together with persons with whom it does not deal at arm’s length, in the aggregate, dividends in respect of more than 10% of the Series I Preferred Shares or the Series J Preferred Shares, as the case may be, outstanding at the time the dividends are received or deemed to be received. This summary also assumes that all issued and outstanding Series I Preferred Shares or Series J Preferred Shares are or will be listed on a “designated stock exchange” (as defined in the Tax Act) in Canada at such times as dividends (including deemed dividends) are paid or received on such shares.

This summary is based upon the current provisions of the Tax Act and the regulations thereunder, and counsel’s understanding of the current administrative and assessing policies or practices of the Canada Revenue Agency published in writing by it. This summary takes into account all specific proposals to amend the Tax Act and the regulations thereunder publicly announced by or on behalf of the Minister of Finance (Canada) prior to the date hereof (the “**Tax Proposals**”) and assumes that all Tax Proposals will be enacted in the form proposed. However, no assurances can be given that the Tax Proposals will be enacted as proposed, or at all. This summary does not otherwise take into account or anticipate any changes in law or administrative or assessing policy or practice, whether by legislative, regulatory, administrative or judicial action, nor does it take into account any other federal or provincial, territorial or foreign tax considerations which may differ from those discussed herein.

This summary is of a general nature only and is not, and is not intended to be, legal or tax advice to any particular purchaser and no representation with respect to the income tax consequences to any particular purchaser is made. This summary is not exhaustive of all federal income tax considerations. Accordingly, prospective purchasers should consult their own tax advisors with respect to their particular circumstances.

Dividends

Dividends (including deemed dividends) received on the Series I Preferred Shares or the Series J Preferred Shares by a Holder who is an individual (other than certain trusts) will be included in the individual’s income and will generally be subject to the gross-up and dividend tax credit rules normally applicable to taxable dividends received by individuals from taxable Canadian corporations, including the enhanced dividend tax credit rules with respect to any dividends (including deemed dividends) designated by the Company as “eligible dividends” in accordance with the Tax Act. Dividends received (or deemed to be received) by an individual (including certain trusts) may give rise to a liability for alternative minimum tax.

Dividends (including deemed dividends) received on the Series I Preferred Shares and the Series J Preferred Shares by a Holder that is a corporation will be included in computing its income and will generally be deductible in computing its taxable income. In certain circumstances, all or part of a dividend may be treated as a capital gain or proceeds of disposition and not as a dividend.

The Series I Preferred Shares and the Series J Preferred Shares are “taxable preferred shares” as defined in the Tax Act. The terms of the Series I Preferred Shares and the Series J Preferred Shares require the Company to make the necessary election under Part VI.1 of the Tax Act so that a corporation holding such shares will not be subject to tax under Part IV.1 of the Tax Act on dividends received (or deemed to be received) on the Series I Preferred Shares and the Series J Preferred Shares.

A Holder that is a “private corporation” or a “subject corporation”, each as defined in the Tax Act, will generally be liable to pay a 38½% tax (refundable in certain circumstances) under Part IV of the Tax Act on dividends received (or deemed to be received) by it on the Series I Preferred Shares and the Series J Preferred Shares to the extent such dividends are deductible in computing its taxable income.

Dispositions

A Holder who disposes of or is deemed to dispose of a Series I Preferred Share or a Series J Preferred Share (including on redemption or purchase for cancellation of the share by the Company for cash or otherwise, but not including on a conversion) will generally realize a capital gain (or a capital loss) to the extent that the proceeds of disposition, net of any reasonable costs of disposition, exceed (or are less than) the adjusted cost base of such shares to the Holder thereof. The amount of any deemed dividend arising on the redemption or purchase for cancellation, as applicable, by the Company of a Series I Preferred Share or a Series J Preferred Share will generally not be included in computing the proceeds of disposition to the Holder for purposes of computing the capital gain or capital loss arising on the disposition of such share. See “Redemption” below. If the Holder is a corporation, any capital loss arising on a disposition of such share may in certain circumstances be reduced by the amount of any dividends, including deemed dividends, which have been received, or are deemed to have been received, on such share, or on any share which was converted into or exchanged for such share, to the extent and under circumstances described in the Tax Act. Analogous rules may apply where a corporation is a member of a partnership or a beneficiary of a trust that owns Series I Preferred Shares or the Series J Preferred Shares, directly or indirectly, through a partnership or a trust.

Generally, one-half of any such capital gain will be included in computing the Holder’s income as a taxable capital gain. A Holder is required to deduct one-half of any capital loss (an allowable capital loss) realized in the year from taxable capital gains realized in that year and allowable capital losses in excess of taxable capital gains may be carried back and deducted in any of the three preceding taxation years, or carried forward and deducted in any subsequent year, from net taxable capital gains realized in such years (but not against other income) to the extent and under the circumstances described in the Tax Act. Any such capital gain realized by an individual (including certain trusts) may give rise to a liability for alternative minimum tax. Taxable capital gains of a Holder that is throughout the year a “Canadian-controlled private corporation” (as defined in the Tax Act) may be subject to an additional 10 $\frac{2}{3}$ % tax (refundable in certain circumstances).

Redemption

If the Company redeems for cash or otherwise acquires the Series I Preferred Shares or the Series J Preferred Shares, other than by a purchase in the open market in the manner in which shares are normally purchased by a member of the public in the open market, the Holder will be deemed to have received a dividend equal to the amount, if any, paid by the Company, including any redemption premium, in excess of the paid-up capital of such shares at such time as computed for purposes of the Tax Act. See “Dividends” above. Generally, the proceeds of disposition for purposes of computing the capital gain or capital loss arising on the disposition of such share will be equal to the amount paid by the Company on redemption or acquisition of such share, including any redemption premium, less the amount of the deemed dividend, if any. See “Dispositions” above. In the case of a Holder that is a corporation or a partnership or trust of which a corporation is, directly or indirectly through one or more partnerships or trusts, a member or beneficiary, it is possible that in certain circumstances all or part of the amount so deemed to be a dividend may be treated as proceeds of disposition and not as a dividend.

Conversion

The conversion of a Series I Preferred Share into a Series J Preferred Share and a Series J Preferred Share into a Series I Preferred Share will be deemed not to be a disposition of property under the Tax Act and accordingly will not give rise to any capital gain or capital loss. The cost to a Holder of a Series J Preferred Share or a Series I Preferred Share, as the case may be, received on the conversion will be deemed to be equal to the Holder’s adjusted cost base of the Series I Preferred Share or Series J Preferred Share, as the case may be, immediately before the conversion.

The cost of a Series J Preferred Share or Series I Preferred Share, as the case may be, so obtained will be averaged with the adjusted cost base of all other Series J Preferred Shares or Series I Preferred Shares, as the case may be, held by such Holder as capital property at such time for the purpose of determining thereafter the adjusted cost base of each such share.

RISK FACTORS

An investment in the Series I Preferred Shares is subject to various risks, including those risks inherent in investing in a diversified financial institution. Before deciding whether to invest in the Series I Preferred Shares, investors should consider carefully the risks relating to iA Financial Group described below and elsewhere in this Prospectus Supplement and in the Prospectus, and in the information incorporated by reference in the Prospectus and this Prospectus Supplement (including subsequently filed documents incorporated by reference).

General

Prospective investors should consider the categories of risks identified and discussed under "Risk Factors" in the Prospectus, under "Risk Factors" in iA Financial Group's most recent annual information form, in iA Financial Group's management's discussion and analysis for the most recent audited consolidated financial statements under "Risk Management", in the "Management of Risks Associated with Financial Instruments", "Management

of Insurance Risk” and “Insurance Contract Liabilities and Investment Contract Liabilities” notes to iA Financial Group’s most recent audited consolidated financial statements, and elsewhere in iA Financial Group’s filings with Canadian securities regulators, which are available for review at www.sedar.com. These sections discuss, among other things, known material trends and events, and risks or uncertainties that are reasonably expected to have a material effect on iA Financial Group’s business, financial condition or results of operations. Additional risks and uncertainties not currently known to the Company, or that the Company currently deems immaterial, may also materially and adversely affect its business. We cannot assure you that any of the events discussed in the risk factors below will not occur. If any of such events does occur, you may lose all or part of your original investment in the securities distributed under this Prospectus Supplement.

Creditworthiness of iA Financial Group

The value of the Series I Preferred Shares and the Series J Preferred Shares will be affected by the general creditworthiness of iA Financial Group. The Company’s management’s discussion and analysis for the most recent audited consolidated financial statements is incorporated by reference in this Prospectus Supplement. This analysis discusses, among other things, known material trends and events, and risks or uncertainties that are reasonably expected to have a material effect on the Company’s business, financial condition or results of operations. See also “Earnings Coverage”, which is relevant to an assessment of the risk that the Company will be unable to pay dividends on the Series I Preferred Shares and the Series J Preferred Shares.

Credit Ratings

The credit ratings applied to the Series I Preferred Shares are an assessment, by each rating agency, of the Company’s ability to pay its obligations. The credit ratings are based on certain assumptions about the future performance and capital structure of the Company that may or may not reflect the actual performance or capital structure of the Company. Real or anticipated changes in credit ratings on the Series I Preferred Shares or in any credit rating assigned to the Series J Preferred Shares in the future may affect the market price or value and the liquidity of the Series I Preferred Shares or the Series J Preferred Shares, as applicable. No assurance can be given that any credit rating assigned to the Series I Preferred Shares or the Series J Preferred Shares will not be lowered or withdrawn entirely by the relevant rating agency.

In addition, real or anticipated changes in credit ratings on the Series I Preferred Shares or in any credit rating assigned to the Series J Preferred Shares in the future could adversely impact the marketability of the insurance and wealth management products offered by iA Financial Group and could affect the cost at which iA Financial Group can transact or obtain funding, thereby affecting iA Financial Group’s liquidity, business, financial condition or results of operations.

Right to Dividends

The Series I Preferred Shares and the Series J Preferred Shares are non-cumulative and holders of Series I Preferred Shares or Series J Preferred Shares do not have a right to dividends on such shares unless declared by the Board of Directors. The declaration of dividends is at the discretion of the Board of Directors even if the Company has sufficient funds, net of its liabilities, to pay such dividends. In addition, the Company may not declare or pay a dividend if there are reasonable grounds for believing that the Company is, or would after the payment be, unable to pay its liabilities as they become due. See also “Earnings Coverage”, which is relevant to an assessment of the risk that the Company will be unable to pay dividends on the Series I Preferred Shares and the Series J Preferred Shares.

Rankings

Creditors of the Company rank ahead of holders of Series I Preferred Shares and Series J Preferred Shares in the event of an insolvency or winding up of the Company. The Series I Preferred Shares and the Series J Preferred Shares will, if issued, rank equally with other preferred shares of the Company in the event of an insolvency or winding-up of the Company. If the Company becomes insolvent or is wound-up, the Company’s assets must be

used to pay debt, including subordinated debt, before payments may be made on Series I Preferred Shares, Series J Preferred Shares and other preferred shares.

Market Value and Price Fluctuations

The market price of the Series I Preferred Shares and the Series J Preferred Shares may fluctuate due to a variety of factors relative to the Company's business, including announcements of new developments, fluctuations in the Company's operating results, sales of the Series I Preferred Shares or the Series J Preferred Shares in the marketplace, failure to meet analysts' expectations, the impact of any public announcements made in regard to this Offering, general market conditions or the worldwide economy. Stock market volatility may affect the market price of the Series I Preferred Shares or the Series J Preferred Shares for reasons unrelated to the Company's performance.

From time to time, the financial markets experience significant price and volume volatility that may affect the market price of the Series I Preferred Shares or the Series J Preferred Shares for reasons unrelated to iA Financial Group's performance. The continuing volatility in financial markets may adversely affect iA Financial Group and the market price of the Series I Preferred Shares or the Series J Preferred Shares. Also, the financial markets are generally characterized by extensive interconnections among financial institutions. As such, defaults by other financial institutions in Canada, the United States or other countries could adversely affect iA Financial Group and the market price of the Series I Preferred Shares or the Series J Preferred Shares. Additionally, the value of the Series I Preferred Shares or the Series J Preferred Shares is subject to market value fluctuations based upon factors which influence iA Financial Group's operations, such as legislative or regulatory developments, competition, technological change and global capital market activity.

Changes in Prevailing Yields

Prevailing yields (actual or anticipated) on similar securities will affect the market value of the Series I Preferred Shares and the Series J Preferred Shares. Assuming all other factors remain unchanged, the market value of the Series I Preferred Shares and the Series J Preferred Shares would be expected to decline as prevailing yields for similar securities rise, and would be expected to increase as prevailing yields for similar securities decline. Spreads over the Government of Canada Yield, T-Bill Rate and comparable benchmark rates of interest for similar securities will also affect the market value of the Series I Preferred Shares and the Series J Preferred Shares in an analogous manner.

Redemption without Holder's Consent

Subject to the provisions of the Insurance Act and the prior consent of the AMF and to the provisions described above under "Details of the Offering - Certain Provisions of the Series I Preferred Shares as a Series - Restrictions on Dividends and Retirement of Shares" or "Details of the Offering - Certain Provisions of the Series J Preferred Shares as a Series - Restrictions on Dividends and Retirement of Shares", as applicable, the Series I Preferred Shares and Series J Preferred Shares may be redeemed by the Company in certain circumstances without the holders' consent, including when prevailing interest rates are lower than the yields borne by the Series I Preferred Shares and the Series J Preferred Shares. If prevailing rates are lower at the time of redemption, a purchaser would not be able to reinvest the redemption proceeds in a comparable security at an effective yield as high as the yields on the Series I Preferred Shares or the Series J Preferred Shares being redeemed. The Company's redemption right also may adversely impact a purchaser's ability to sell Series I Preferred Shares and Series J Preferred Shares as the optional redemption date or period approaches.

The redemption or purchase by the Company of the Series I Preferred Shares and the Series J Preferred Shares is subject to the consent of the AMF and other restrictions contained in the Insurance Act. See "Insurance Act Restrictions and Approvals" in the Prospectus.

No Fixed Maturity

Neither Series I Preferred Shares nor the Series J Preferred Shares have a fixed maturity date and are not redeemable at the option of the holders thereof. The ability of a holder to dispose of or liquidate its holdings of Series I Preferred Shares or Series J Preferred Shares, as applicable, may be limited.

Dividend Reset

The dividend rate in respect of the Series I Preferred Shares will reset on March 31, 2023 and on March 31 every five years thereafter. The dividend rate in respect of the Series J Preferred Shares will reset quarterly. In each case, the new dividend rate is unlikely to be the same as, and may be lower than, the dividend rate for the applicable preceding dividend period.

Floating Dividend

Investments in the Series J Preferred Shares, given their floating interest component, entail risks not associated with investments in the Series I Preferred Shares. The resetting of the applicable rate on a Series J Preferred Share may result in a lower yield compared to fixed rate Series I Preferred Shares. The applicable rate on a Series J Preferred Share will fluctuate in accordance with fluctuations in the T-Bill Rate on which the applicable rate is based, which in turn may fluctuate and be affected by a number of interrelated factors, including economic, financial and political events over which the Company has no control. See also “Earnings Coverage Ratios” which are relevant to an assessment of the risk that the Company will be unable to pay dividends on the Series I Preferred Shares and the Series J Preferred Shares.

Conversion without Holder’s Consent

An investment in the Series I Preferred Shares may become an investment in Series J Preferred Shares without the consent of the holder in the event of an automatic conversion in the circumstances described under “Conversion of Series I Preferred Shares into Series J Preferred Shares” above. Upon the automatic conversion of the Series I Preferred Shares into Series J Preferred Shares, the dividend rate on the Series J Preferred Shares will be a floating rate that is adjusted quarterly by reference to the T-Bill Rate which may vary from time to time. In addition, holders may be prevented from converting their Series I Preferred Shares into Series J Preferred Shares and vice-versa in certain circumstances. See “Details of the Offering – Certain Provisions of the Series I Preferred Shares as a Series – Conversion of Series I Preferred Shares into Series J Preferred Shares”.

Absence of Trading Market

There is currently no market through which the Series I Preferred Shares and Series J Preferred Shares may be sold. No assurance can be given as to whether an active trading market will develop or be maintained for the Series I Preferred Shares or Series J Preferred Shares. To the extent that an active trading market for the Series I Preferred Shares and Series J Preferred Shares does not develop, the liquidity and trading prices for the Series I Preferred Shares and Series J Preferred Shares may be adversely affected. If the Series I Preferred Shares or Series J Preferred Shares are traded after their initial issuance, they may trade at a discount from their initial public offering price depending on prevailing interest rates or yields for similar securities, the market for similar securities, the performance of iA Financial Group and other factors. The price for the Series I Preferred Shares offered under this Prospectus Supplement was determined by negotiation between the Company and the Underwriters based on several factors and may bear no relationship to the prices at which the Series I Preferred Shares and Series J Preferred Shares will trade in the public market subsequent to this Offering. See “Plan of Distribution”.

Changes in Regulatory Framework and Prudential Regulatory Supervision

The operations of the Company and its regulated subsidiaries are subject to a variety of insurance and other laws and regulations as well as supervision by regulators. Financial authorities and regulators, including the AMF, are continuously reviewing (and in some cases, enhancing) their requirements and considering potential changes. Insurance company prudential regulators in Canada are currently focused on insurance company's compliance with their requirements relating to risk management systems and procedures and appropriate corporate governance procedures, among others. Failure to comply with laws or to conduct the Company's business consistent with changing regulatory expectations and requirements could adversely affect the Company and may also lead to regulatory steps, proceedings, penalties and litigation.

From time to time, regulators raise issues during examinations or audits of iA Financial Group and its regulated subsidiaries that could have a material adverse impact on the Company. The Company cannot predict whether or when regulatory actions may be taken that could adversely affect iA Financial Group's operations. In addition, the application of regulations by regulators may change and laws may be enacted with retroactive effect, and new and revised guidelines and other regulatory requirements may be adopted, particularly in areas such as corporate risk management, capital requirements, corporate governance, accounting or statutory reserve requirements. For further discussion of regulatory compliance risk, please refer to "Regulatory Non-Compliance Risk" in iA Financial Group's management's discussion and analysis for the most recent audited consolidated financial statements.

NON-IFRS FINANCIAL INFORMATION

iA Financial Group reports its financial results and statements in accordance with International Financial Reporting Standards ("IFRS"). It also publishes certain financial measures that are not based on IFRS ("Non-IFRS"). A financial measure is considered a Non-IFRS measure for Canadian securities law purposes if it is presented other than in accordance with the generally accepted accounting principles used for iA Financial Group's audited financial statements. These Non-IFRS financial measures are often accompanied by and reconciled with IFRS financial measures. For certain Non-IFRS financial measures, there are no directly comparable amounts under IFRS. iA Financial Group believes that these Non-IFRS financial measures provide additional information to better understand iA Financial Group's financial results and assess its growth and earnings potential, and that they facilitate comparison of the quarterly and full-year results of iA Financial Group's ongoing operations. Since Non-IFRS financial measures do not have standardized definitions and meaning, they may differ from the Non-IFRS financial measures used by other institutions and should not be viewed as an alternative to measures of financial performance determined in accordance with IFRS. iA Financial Group strongly encourages investors to review its financial statements and other publicly-filed reports in their entirety and not to rely on any single financial measure.

Non-IFRS financial measures published by iA Financial Group include, but are not limited to: return on common shareholders equity, core earnings per share, core return on common shareholders equity, sales, net sales, assets under management, assets under administration, premium equivalents, deposits, sources of earnings measures (expected profit on in-force, experience gains and losses, strain on sales, changes in assumptions, management actions and income on capital), capital, solvency ratio, loan originations, finance receivables and average credit loss rate on car loans.

Core earnings is a Non-IFRS measure used to better understand iA Financial Group's capacity to generate sustainable earnings. Management's estimate of core earnings excludes: 1) exceptional items, including but not limited to year-end assumption changes and tax gains and losses; 2) market gains and losses related to universal life policies, investment funds and the hedging program for segregated fund guarantees; 3) gains and losses in excess of \$0.04 per share for strain on

individual insurance sales, for policyholder experience by business segment (individual insurance, individual wealth management, group insurance, group savings and retirement and iA auto and home) and for investment income on capital.

The following is a summary of certain rights, privileges, restrictions and conditions attaching to the Class A Preferred Shares and the Common Shares. This summary is qualified in its entirety by the articles of iA Financial Group. The particular terms and provisions of a series of the Class A Preferred Shares offered pursuant to an accompanying Prospectus Supplement, and the extent to which the general terms and provisions described below may apply thereto, will be described in such Prospectus Supplement.

Description of the Common Shares

Dividends

Subject to the prior rights of the holders of Class A Preferred Shares, Preferred Shares and any other shares ranking senior to the Common Shares with respect to the payment of dividends, the holders of Common Shares will be entitled to receive such dividends as may be declared by the Board of Directors out of the sums duly allocated to the payment of shareholder dividends, in such amounts and in such form as the Board of Directors may establish, and all dividends that the Board of Directors may declare on the Common Shares shall be declared and paid in equal amounts per share on all the Common Shares outstanding at the time.

Dissolution

In the event of liquidation, winding-up or dissolution of iA Financial Group, whether voluntary or involuntary, or any other distribution of its assets to its policyholders and shareholders for the precise purpose of winding up its affairs, subject to the prior rights of the holders of Class A Preferred Shares, Preferred Shares and any other shares ranking senior to the Common Shares with respect to the distribution of property upon liquidation, winding-up or dissolution of iA Financial Group, the holders of Common Shares will be entitled to receive the remaining assets of iA Financial Group relating to shareholders in an equal amount per share, without any share being entitled to any priority over any other share.

Voting

The holders of Common Shares will be entitled to receive notice of and to attend all meetings of shareholders of iA Financial Group and they will have one vote for each Common Share held at every meeting of shareholders of iA Financial Group, with the exception of meetings at which only the holders of shares of another class or particular series of iA Financial Group are entitled to vote separately as a class or series.

Notice of meeting

The formalities to be observed with respect to the giving of notice of any meeting or adjourned meeting, the quorum required therefor and the conduct thereof will be those required by law and those, if any, specified in the by-laws or resolutions of iA Financial Group with respect to meetings of shareholders.

Description of the Class A Preferred Shares

Board of Directors' Authority to Issue in One or More Series

The Board of Directors may issue Class A Preferred Shares in one or more series. Before any shares of a series are issued, the Board of Directors will determine the number of shares comprising the series and, subject to the restrictions set out in the articles of iA Financial Group, the designation of and the rights, privileges, restrictions and conditions attaching to the Class A Preferred Shares of the series. Before any shares of a series are issued, the Board of Directors shall amend the articles so as to indicate therein the number, the designation of and any rights, privileges, restrictions and conditions determined for such series by the Board of Directors, the whole subject to the authorization of the *Autorité des marchés financiers* (the "AMF") in accordance with Section 35.2 of the Insurance Act.

Ranking of Class A Preferred Shares

The rights, privileges, restrictions or conditions attaching to any series of Class A Preferred Shares will not confer any priority on that series over any other series of Class A Preferred Shares in relation to dividends or return of capital.

With respect to the payment of dividends and the distribution of property upon liquidation, winding-up or dissolution of iA Financial Group, whether voluntary or involuntary, or any other distribution of the assets of iA Financial Group to its policyholders and shareholders for the precise purpose of winding up its affairs, the Class A Preferred Shares: (a) will rank equally with the Preferred Shares; and (b) will rank senior to the Common Shares and to any other shares ranking junior to the Class A Preferred Shares.

If any declared or undeclared cumulative dividends, any declared non-cumulative dividends or any amounts payable on account of return of capital are not paid in full on any series of Class A Preferred Shares, such dividends shall be apportioned pro rata among the Class A Preferred Shares of all series based on the amounts that would be payable on the said shares if all the said dividends were declared and paid in full, and regarding return of capital, based on the amounts that would be payable on account of such return of capital if all the said amounts so payable were paid in full. However, if the property is not sufficient to pay all claims in the aforementioned manner, the claims of the holders of Class A Preferred Shares on account of return of capital shall be paid first and any remaining property shall be applied toward payment of the claims on account of dividends. Additional priority rights may also attach to the Class A Preferred Shares of any series provided that such rights are not incompatible with the rights, privileges, restrictions and conditions attaching to the Class A Preferred Shares as a class relative to the Common Shares and to any other shares ranking junior to the Class A Preferred Shares, as such rights, privileges, restrictions and conditions may be determined in relation to such series of Class A Preferred Shares.

Voting

Except as referred to below or as required by law or as set out in the rights, privileges, restrictions and conditions attaching to a series of Class A Preferred Shares, the holders of Class A Preferred Shares, as a class, will not be entitled to receive notice of, attend or vote at any meetings of shareholders or of participating policyholders of iA Financial Group.

Change with Approval of the Holders of Class A Preferred Shares

The rights, privileges, restrictions and conditions attaching to the Class A Preferred Shares as a class may only be amended or removed with the approval of the holders of Class A Preferred Shares given as specified below.

Approval of the Holders of Class A Preferred Shares

The approval of the holders of Class A Preferred Shares to amend or remove any rights, privileges, restrictions or conditions attaching to the Class A Preferred Shares as a class, or in regard to any other matter requiring the consent of the holders of Class A Preferred Shares, may be given in such manner as may then be required by law, provided that such approval be given by resolution passed by an affirmative vote of at least two thirds ($\frac{2}{3}$) of the votes cast at a meeting of the holders of Class A Preferred Shares duly called for such purpose at which meeting the holders of at least one quarter ($\frac{1}{4}$) of the outstanding Class A Preferred Shares were present in person or represented by proxy. If the holders of at least one quarter ($\frac{1}{4}$) of the outstanding Class A Preferred Shares are not in attendance or represented by proxy at such meeting within 30 minutes following the time scheduled for the holding of the meeting, the meeting will be adjourned for at least 15 days and the chairman of the meeting will decide on the time and place for the adjourned meeting. Prior notice of at least seven days will be given in respect of the adjourned meeting. At the adjourned meeting, the holders of Class A Preferred Shares who are present in person or represented by proxy thereat may transact the business for which the meeting was originally called and any resolution passed thereat by an affirmative vote of at least two thirds ($\frac{2}{3}$) of the votes cast will mean that the approval of the holders of Class A Preferred Shares as aforementioned has been given.

The formalities to be observed with respect to the giving of notice and the conduct of any meeting or adjourned meeting will be those specified in the by-laws of iA Financial Group or in resolutions of iA Financial Group adopted by the Board of Directors with respect to meetings of shareholders or those required by law. On any ballot taken at any meeting of the holders of Class A Preferred Shares as a class, or at any joint meeting of the holders of two or more series of Class A Preferred Shares, each holder of such shares entitled to vote thereat will have one vote for each Class A Preferred Share held.

DESCRIPTION OF DEBT SECURITIES

The following sets forth certain general terms and provisions of the Debt Securities. The particular terms and provisions of Debt Securities offered pursuant to an accompanying Prospectus Supplement, and the extent to which the general terms and provisions described below may apply to such Debt Securities, will be described in such Prospectus Supplement.

The Debt Securities will be direct unsecured obligations of iA Financial Group. The Debt Securities will be senior or subordinated indebtedness of iA Financial Group as described in the relevant Prospectus Supplement. If the Debt Securities are senior indebtedness for the purposes of the Insurance Act, they will rank equally and rateably with all other unsecured indebtedness of iA Financial Group, from time to time issued and outstanding, which is not subordinated. If the Debt Securities are subordinated indebtedness for the purposes of the Insurance Act, they will rank equally and rateably with all other subordinated indebtedness of iA Financial Group, from time to time issued and outstanding. In the event of the insolvency or winding-up of iA Financial Group, the subordinated indebtedness of iA Financial Group, including the subordinated Debt Securities, will be subordinate in right of payment to all policy liabilities of iA Financial Group and all other liabilities of iA Financial Group (including senior indebtedness), except those other liabilities that, by their terms, rank, equally with or are subordinate to such subordinated indebtedness. **The Debt Securities will not constitute deposits that are insured under the CDIC Act or the QDI Act.**

The Debt Securities will be issued under one or more indentures (each, a “**Trust Indenture**”), in each case between iA Financial Group and a financial institution to which the *Trust and Loan Companies Act* (Canada) applies or a financial institution organized under the laws of any province of Canada and authorized to carry on business as a trustee (each, a “**Trustee**”). The statements made in this Prospectus and in the applicable Prospectus Supplement relating to any Trust Indenture and the Debt Securities to be issued thereunder are summaries of certain anticipated provisions thereof and do not purport to be complete and are subject to, and are qualified in their entirety by reference to, all provisions of the applicable Trust Indenture.

Each Trust Indenture may provide that Debt Securities may be issued thereunder up to the aggregate principal amount which may be authorized from time to time by iA Financial Group. Any Prospectus Supplement for Debt Securities supplementing this Prospectus will contain terms and other information with respect to the Debt Securities being offered thereby, which may include the following:

- (i) the designation, aggregate principal amount, authorized denominations and ranking of such Debt Securities;
- (ii) the currency or currency units for which the Debt Securities may be purchased and the currency or currency unit in which the principal and any interest is payable (in either case, if other than Canadian dollars);

- (xiii) any other specific terms.

Debt Securities may, at the option of iA Financial Group, be issued in fully registered form, in “book-entry only” form or may be uncertificated. Debt Securities in registered form will be exchangeable for other Debt Securities of the same series and tenor, registered in the same name, for a like aggregate principal amount in authorized denominations and will be transferable at any time or from time to time at the corporate trust office of the Trustee for such Debt Securities. No charge will be made to the holder for any such exchange or transfer except for any tax or government charge incidental thereto.

Debt Securities of a single series may be issued at various times with different maturity dates, may bear interest at different rates and may otherwise vary.

iA Financial Group will summarize in the applicable Prospectus Supplement certain terms of the Debt Securities being offered thereby and the relevant Trust Indenture which iA Financial Group believes will be most important to an investor’s decision to invest in the Debt Securities being offered. It is the Trust Indenture, as supplemented by any applicable supplemental indenture, and not this summary, which defines the rights of a holder of Debt Securities. There may be other provisions in the Trust Indenture which are important to a purchaser of Debt Securities. Such purchaser of Debt Securities should read the Trust Indenture for a full description of the terms of the Debt Securities.

iA Financial Group has delivered an undertaking to the securities regulatory authority in each of the provinces of Canada that iA Financial Group will not distribute Warrants that, according to the aforementioned terms as described in the Prospectus Supplement for Warrants supplementing this Prospectus, are “novel” specified derivatives or “long-term” or “stand-alone” warrants within the meaning of Canadian securities rules, separately to any member of the public in Canada unless the offering is in connection with and forms part of the consideration for an acquisition or merger transaction or unless the Prospectus Supplement containing the specific terms of the Warrants to be distributed separately is first approved for filing by or on behalf of the securities commissions or similar regulatory authorities in each of the provinces of Canada where the Warrants will be distributed.

Selected provisions of the Warrants and the warrant agreements are summarized below. This summary is not complete. Modifications

iA Financial Group may amend the warrant agreements and the Warrants, without the consent of the holders of the Warrants, to cure any ambiguity, to cure, correct or supplement any defective or inconsistent provision, or in any other manner that will not materially and adversely affect the interests of holders of outstanding Warrants. Other amendment provisions will be as indicated in the applicable Prospectus Supplement.

Enforceability

The warrant agent will act solely as iA Financial Group's agent. The particular terms and provisions of Units offered pursuant to an accompanying Prospectus Supplement, and the extent to which the general terms and provisions described below may apply to such Units, will be described in such Prospectus Supplement.

STATUTORY RIGHTS OF WITHDRAWAL AND RESCISSION

Securities legislation in certain of the provinces of Canada provides purchasers with the right to withdraw from an agreement to purchase securities. This right may be exercised within two business days after receipt or deemed receipt of a prospectus and any amendment.
