HOW HAS THE FUND PERFORMED?

This section tells you how the Fund has performed over the past years. Returns shown are after the MER has been deducted. Also, your actual return will depend on the guarantee option you choose, any changes you made to your investment and your personal tax situation.

HOW MUCH DOES IT COST?

The tables below show the fees and expenses you could pay to buy, own and sell units of the Fund.

Type of Premiums	Sales Charge Option	What You Pay	How It Works
Monthly Pre-Authorized Cheque (PAC) Payments	Deferred Sales Charge	Surrender fees are applicable when you surrender any Premiums paid by PAC. Surrender fees = 50% X monthly PAC amount X number of monthly PAC paid (up to a maximum of 18).	When you invest in the Fund for the first time, iA Financial Group pays an up-front commission of up to 5.44% of all monthly PAC amounts that you have committed to pay to your life insurance agent and his/her agency. The surrender fees are based on the PAC amount that you have committed to pay. They are calculated using a variable formula. These surrender fees are deducted from the amount you surrender and are paid to iA Financial Group.
Additional Premiums	No Sales Charge	There is no initial charge or surrender charge when you invest and if you surrender.	When you invest premiums in the Fund in addition to the PAC payments, iA Financial Group pays a commission of up to 4.2% to your life insurance agent and his/her agency.

ONGOING FUND EXPENSES

The MER includes the management fee and operating expenses of the Fund. It also includes the insurance fee associated with the guarantees.

You don't pay these expenses directly but they will reduce the return on your investment. For details about how the guarantees work, please refer to the Information Folder and the contract.
