Objectives of the Account

- The Global Diversified (Loomis Sayles) Account reflects the performance of the IA Clarington Loomis Global Allocation Fund.
- Aims to diversify risk between asset classes, and to combine growth with current income by investing in global securities.
- Suits a medium to long term investment horizon.

Investment style and other characteristics

- Style: Assets that favour a good balance between the various classes
- Combines a concentrated global equity portfolio with a high conviction U.S. and global fixed income allocation.
- Security selection is driven by bottom-up fundamental research.
- Managers look for valuation disparities to position the portfolio where the greatest risk/reward opportunities lie which typically runs counter to macro trends.

Launch date: January 2005

Underlying fund name: Fidelity Canadian Opportunities

Portfolio manager

Fidelity Investments

Hugo Lavallée, CFA

Objectives of the Account

- The Canadian Stock Small Cap (Fidelity) Account reflects the performance of the Fidelity Canadian Opportunities Fund.
- Seeks long term capital growth through investments in small and medium size capitalization Canadian companies, and conforms to investment horizons that are sufficiently distant to tolerate the volatility of the market values.

Investment style and other characteristics

- Fund invested in companies that offer a possibility of long-term growth and whose stocks are trading at prices that reflect good value.
- Can invest in all capitalizations, but the manager favours small and medium capitalization securities whose risks are alleviated through diversification of the portfolio.
- Can invest up to 30% of its assets in foreign companies and can hold cash and fixed income securities.

Credited return

Objectives of the Account

- The Global Health Care (Renaissance) Account reflects the performance of the Renaissance Global Health Care Fund.
- Fund invested primarily in U.S. companies which are engaged in the design, development, manufacturing, and distribution of products or services in the health care sectors.
- Aims to significantly outperform over the long-term by capitalizing on growing global health care expenditure and innovation.

Investment style and other characteristics

- The Fund uses a bottom-up fundamental approach, combined with an understanding of key scientific, medical, regulator and economic trends affecting the global healthcare industry, to invest in innovative high-quality companies.
- Fund invested in a diversified portfolio of securities in the medical technology, biotechnology, health care, and pharmaceutical sectors.

Credited return

100% of the net return of the underlying fund, less current annual fees.
