Our education website: A go-to resource for plan members

In addition to creating value for organizations, our education website fills plan members' need for information and education, helping them to better understand the benefits of their plans and how they work. The website also provides content and tools on mental, physical and financial wellbeing:

- Webinars (new!)
- Easy-to-read articles
- Explanations about how the plans work
- Digital tools
- And more

Our website is constantly being updated and enriched with new content, tips and advice, reflecting our commitment to providing group plan members with the tools they need to make informed decisions about their total wellbeing.

You, as the plan administrator, have an important role to play in informing your plan members about their group insurance plan. We also look to your support to give them all explanatory and administrative documents upon enrolment or upon request. We will help you show them where they can consult this documentation if it is not available in hard copy. If you have any questions, please feel free to consult your administrator's guide or to contact your local Account Executive or Client Relationship Manager.
