I, the agent, have:

- Presented and explained the leverage effect to the Borrower using the provided scenarios;
- Told the Borrower that iA Trust may request additional information or documents if needed;
- Told the Principal Borrower that he/she must have RRSP contribution room available for the Loan Amount.

NOTICE CONCERNING THE EFFECT OF THE USE OF A LEVERAGE LOAN WHEN PURCHASING SECURITIES

Using borrowed money to finance the purchase of securities involves greater risk than a purchase using cash resources only. If you borrow money to purchase securities, your responsibility to repay the loan and pay interest as required by its terms remains the same even if the value of the securities purchased declines.

There are three ways to purchase securities: through cash only, a portion in cash with a loan or with a loan only. When you purchase securities using cash only, your possible gain or loss is based only on the variation in the value of those securities.

However, when you use the leverage effect, i.e., when borrowed amounts are used to purchase securities, you substantially increase the possible gains or losses on the cash that you invest. Therefore, Industrial Alliance Trust Inc. wants to ensure that any investor who is thinking about borrowing money to use the leverage effect be informed of the risks inherent in this strategy by reading the explanations provided here.

For example,* suppose you purchase securities in an amount of \$2,000 in mutual funds and that your investment loses 10% of its value and is now worth \$1,800. For a cash investment, where no loan is made, the loss would be 10%. For an investment made using \$2,000 in cash and a \$5,000 loan, for a total investment of \$7,000, the same 10% decrease in value would result in a \$700 drop in capital, which represents a 35% loss of the cash investment. Finally, for a client who opts for a \$2,000 investment that is completely financed through a loan, a 10% drop in the value of the investment would mean that, in addition to the \$1,800 in proceeds from the disposition of the investment, the client would personally have to pay an additional \$200 to repay the loan.

The level of risk involved in an investment financed through a loan is measured on an ad hoc basis and varies according to the conditions and specific situation of the investor and according to the investments made.

* The examples mentioned in this notice do not take into account taxes or surrender fees that may be applicable.

The term of this Loan Agreement is ¹

¹ If the Total Principal Amount is less than \$5,000, choose a repayment term of 12 or 24 months.

If the Total Principal Amount is between \$5,000 and \$12,500, choose a repayment term of 12, 24, 36, 48 or 60 months.

If the Total Principal Amount is over \$12,500 and up to \$50,000, choose a repayment term of 12, 24, 36, 48, 60, 72, 84, 96, 108 or 120 months.

AMORTIZATION PERIOD

Changes in the Annual Interest Rate can affect the loan amortization period. If the Annual Interest Rate does not change, and you comply with the terms and conditions of the Loan Agreement, then the amortization period is the same as the term of the loan selected above.

DATE OF ADVANCE

If all documents are properly completed, the loan application process is estimated to take at most ten (10) business days.

Based on this estimate, if the loan is approved, the estimated date of advance will be:

Y	M	D

(date of signature of this loan application plus ten (10) business days).

iA Trust performs its principal obligation on the date on which the loan advance is credited to the Contract(s).

Interest begins to accrue on the unpaid balance from the day following the date the loan advance is credited to the Contract(s).

PAYMENTS

Required minimum monthly payment amount¹: \$

¹ To determine the minimum monthly payment amount, refer to the RRSP Loan Product guide F50-643A document to calculate the initial monthly payment according to the term selected. If Option 120 is selected, use the appropriate table.

The minimum monthly payment amount may increase or decrease if the outstanding balance of the existing RRSP loan differs from the amount indicated or if the amount of the loan granted differs from the amount requested.

If you wish your payments to be greater than the minimum amount, please indicate that in Part 5 of the Pre-Authorized Debit (PAD) Agreement.

The total number of monthly payments equals the repayment term you have selected.

Each payment includes payment toward both principal and interest.

Payments will first be credited to the Amount in Arrears, then to the payment of accrued interest and then to the payment of the balance owing on the Total Principal Amount.

Payments are payable by pre-authorized debits in accordance with the Pre-Authorized Debit (PAD) Agreement.

OPTION 120

I want Option 120.

If checked, the advance will be paid on the Effective Date of the Loan Agreement and the repayment term will begin one hundred and twenty (120) days after the Effective Date. **Interest accrues during this period.**

CHANGES TO THE PRIME RATE

Due to changes to the Prime Rate:

- between the date of signature of the loan application and the date of the loan approval, the monthly payment amount, the total of all monthly payments, and the total interest charges over the term of the loan may vary. The monthly payment amount, the total of all monthly payments and the total interest charges over the term of the loan, shown in this Part 4, are based on reasonable assumptions and estimates as of the date of signature of the loan application.
- following approval of the loan, the monthly payment amount will not change, but the total of all monthly payments and the amortization period may change.

FREQUENCY AND DATE OF PAYMENTS

The frequency of payments and the date of the first payment are set out in Part 5 of the Loan Agreement. The date of last payment depends on the repayment term you have selected and whether the Annual Interest Rate changes.

If a frequency other than a monthly payment is selected, the payment amount and the total number of payments will be adjusted proportionally based on the frequency chosen.

PART 4

In this pre-authorized debit agreement (the "PAD Agreement"), "I" refers to each bank account holder, who declares the following with respect to himself or herself:

1. I authorize iA Trust and the financial institution designated (or any other financial institution I may authorize at any time) to begin deductions as per my instructions for regular recurring payments and/or one-time payments from time to time, if applicable, for payment of all installments and charges arising from the Loan Agreement.

5. I agree that iA Trust is not required to provide me with written notice of a change in a PAD amount that is made as a result of my request.
6. If a PAD is dishonoured for any reason such as, but not limited to, insufficient funds ("NSF"), stop payment or account closed, iA Trust is authorized to re-submit the payment. **Any charges incurred by iA Trust as a result of a dishonoured PAD will be added to the subsequent PAD.**

To obtain a sample cancellation form or for more information on my right to cancel the PAD Agreement, I may contact my financial institution or visit www.payments.ca regarding Rule H1 – Pre-authorized debits (PADs).
8. Any cancellation of the PAD Agreement will not affect my insurance contract(s) and/or contract(s) for financial services, so long as payment is provided by an alternate method that is acceptable to iA Trust.
9. **If iA Trust assigns this PAD Agreement, it will provide written notice to me of the assignment prior to any amount being deducted in the assignee's name.**
10. I have certain recourse rights if any PAD does not comply with the PAD Agreement. For example, I have the right to receive reimbursement for any PAD that is not authorized or is not consistent with the PAD Agreement. To obtain more information on my recourse rights, I should contact my financial institution or visit www.payments.ca regarding Rule H1 – Pre authorized debits (PADs).

16. I acknowledge and agree that the agent and dealer identified in Part 1 section C of this Loan Agreement are responsible for determining the suitability of the investments their clients are borrowing to invest in and for ensuring that trading activities, and other obligations under applicable securities legislation, are appropriately supervised and comply with the legislation. The amount borrowed shall be advanced and credited to the Contract(s) following iA Trust's approval of the loan application. Before approving an application, iA Trust must receive all required documents, duly completed, and be allowed a reasonable period of time to process the application and complete its administrative processes.

5. Special fees

 - b) send a notice in writing to that effect, or return the money to iA Trust or iA Trust's representative if the money was not returned to iA Trust or iA Trust's representative at the time each party took possession of a duplicate of the Loan Agreement.The Loan Agreement is cancelled, without further formality, as soon as the Borrower returns the money or forwards the notice.
2. If the Borrower uses all or part of the net capital to make full or partial payment for the purchase or the lease of goods or for a service, the Borrower may, if the Loan Agreement was entered into on the making of and in relation to the sale, lease or service contract, and if the merchant and iA Trust collaborated with a view to granting loans, plead against iA Trust any ground of defence urgeable against the merchant who is the vendor, lessor, contractor or service provider.

The Borrower may also, in the circumstances described above, exercise against iA Trust, or against iA Trust's assignee, any right exercisable against the merchant who is the vendor, lessor, contractor or service provider if that merchant is no longer active or has no assets in Québec, is insolvent or is declared bankrupt. iA Trust or iA Trust's assignee is then responsible for the performance of the obligations of the merchant who is the vendor, lessor, contractor or service provider up to the amount of, as the case may be, the debt owed to iA Trust at the time the Loan Agreement is entered into, the debt owed to the assignee at the time it was assigned to him or the payment iA Trust received if he assigned the debt.
3. The Borrower may pay, in whole or in part, the amount of the obligation before maturity.

The balance due is equal at all times to the sum of the balance of net capital and credit charges calculated in accordance with the Act and the *Regulation respecting the application of the Consumer Protection Act*.

- the Borrower passes away.

14. Lender's remedies

In the event of default, iA Trust, without giving formal notice, may exercise any of its contractual or statutory rights or remedies, including but not limited to, the right to bring a personal action. In all cases, iA Trust is entitled to payment of the costs incurred.

iA Trust's failure to exercise a right shall not constitute a waiver of such right for the future. Moreover, iA Trust's acceptance of the payment of a sum of money by the Principal Borrower or the Co-borrower following default shall not constitute a waiver of its other rights and remedies. iA Trust's decision to exercise one or more of its rights under the Loan Agreement or under the law shall not prevent it from exercising any other rights that it may possess.

15. Termination of Loan Agreement

Should the Borrower die or become unable to make the scheduled payments, iA Trust may terminate the Loan Agreement and demand immediate payment of the full Loan Amount.

Furthermore, the Borrower acknowledges that if, further to legislative or regulatory changes or an interpretation by the courts of any law, regulations or the Loan Agreement, iA Trust can no longer legally grant this loan or any additional loans, or can no longer legally fulfill all or part of its obligations under the Loan Agreement, iA Trust may terminate the Loan Agreement and demand immediate payment of the full Loan Amount.

16. Borrower's declaration

The Borrower declares the following:

18. Non-liability of iA Trust

In no case shall iA Trust be liable for any losses, damages or expenses of any kind whatsoever that are sustained or incurred by the Borrower in relation to the Loan Agreement. More specifically, but without limiting the generality of the foregoing, iA Trust shall not be liable for any indirect losses or damages, lost profits or any other special damages relating to its obligations contained in the Loan Agreement or otherwise at law.

Furthermore, iA Trust shall not be liable for any losses, damages or expenses sustained or incurred by the Borrower due to iA Trust's failure or refusal to disburse part or all of the Total Principal Amount in relation to the investments, or through any other use of the Total Principal Amount by the Borrower.

19. Miscellaneous

Applicable laws – The Loan Agreement shall be governed by the laws in force in the Borrower's province of residence.
